AIMS

Association Française de Science des Systèmes

Cybernétiques cognitives et techniques

ENSAM, 151 Bd de l'Hôpital, 75013 Paris, France, Europe
Achievements

Established in 1999, the AFSCET is the continuation of the previous AFCET. The AFSCET represents the French systemics community inside the European Union for Systemics (EUS-UES) which has special links with other French communities. The Association organises colloquiums, workshops days, round tables, seminars, conferences which are dedicated to in-depth study of systemic theories and practices. AFSCET tries to broadcast every single work with every researcher, professional and student, on its website http://afscet.asso.fr. Through papers within its Online International Review Res-Systemica, AFSCET tries to organise annual international meeting 2 days annual international meeting at the Moulin d’Andé, France.

Academic Disciplines: Complex systems (Complexité des Systèmes), Complex systems modelling (Modélisation des Systèmes Complexes), Transdisciplinary (Transdisciplinarité), Intervention in fundamental societal debates and Forward-looking reflection are at the heart of the AFSCET profile. Several working groups are in activity among which are: Afscet Cafe, Dynamic des Systèmes (Systems dynamics), Terminology & ontology (Terminologie et systémique (Systèmes terminological), Terminologie et Complétude en Pratique (Terminologie et systémique, terminological & ideological), EUS-UES, RES-Systemica, GRECO, MEXAP, MCX, McXAP, MCXAP.org, and GRECO.
