With regard to the first charge (contention of the father) it was decided that the father be fined £1 10 6, on considering the charge as that of the father. The committee unanimously resolved that Mr. Weller be fined £1 10 6, and he informed that should he continue his bad language he would be here before I know, and before I forget. The committee also requested the father to put a stop to all threatening language.

The Committee considered the explanation satisfactory.

On November 16, the Committee met to hear a charge against Mr. Felle of perjury. The matter was not brought forward for his bad in time on the subject. Mr. Felle was not the first that had left a proof on the subject, and it was resolved that he be fined £2, and on the future the fine of £1 would be strictly enforced.

A Special Meeting was held on December 1st, and J. Jefferies, Mr. Moore and Mr. Sloan being present, Mr. Felle's designation was accepted, and Mr. Felle was elected to fill the vacancy. The Delinquent motion was then disapproved, amended, and carried. That the fine in future be £6 for being absent at all chapels for 2½.

On December 21 the following memo, was received by the Father in answer to a request that there be no publication on Boxing day: "Dear Sir, I have much pleasure in complying with the applicant's request that the above should be published on Christmas Day or one of the following days, and I hope it will be the means of adding to the enjoyment of the Mass on Thursday—your truly, Wm. Felle."

On January 1st, of the Committee, namely those being present, and Mr. Felle, Mr. Felle's division having been, and seconded, and the motion moved by Mr. Felle, against the omission of not having any copy in hand, the Committee considered Mr. Felle's division passed, and fined him £10.

May, 1877

New plan carried
Advertisement Half yearly Chapel.

Held at the Earl of Yorkland Hotel, Melbourne

Saturday, October 5, 1878.

Presents at the call of the roll - All except Mr. Waddy, who on account of his being indisposed, was excused. Mr. Dobson, who was very well, and Messrs. Labman, Gillies, and Leet, who were each paid 3/6.

Meeting - The minutes of the previous Chapel were read and confirmed and the balance sheet adopted.

Chairman Officers - Mr. E. S. White was elected President, and J. H. Currie, Jno. Clark, and Messrs. Alexander, L. Cameron, and Leet, Committee.

Applicants - Mr. F. Levinge applied against his fine reduced in his having his name being broken. Mr. Green's fine was reduced from 7/6 to 6/6, and Mr. Levinge applied for a rather lengthy discussion, which was granted.

Notice of Motion - Mr. F. Levinge motion for a permanent dividend was warmly discussed, and a vote was taken on the commercial and shipping had, he exempt from profit in him; was carried unanimously. [The latter was introduced an motion he drafted, etc.]. Mr. Levinge motion that double aud. adverting over 2,000 ground the frame was carried.

Removal of letters - Mr. was decided that owing to the "Salvation" irregular attendance he no longer be recognized as a "safe". - Note of thanks was unanimously passed to the living officers, and 5/10 paid in chaplaincy.

Committee Meetings - The first committee meeting during the half year was held on the suggestion what could be done to assist the staff. Mr. John Levinge. After various suggestions it was ultimately thought that the best plan would be to invite various subscriptions to the staff. Accordingly a subscription list was sent
round, and Mr. R. Johnson kindly undertook the weekly collections. Nearly all the companionship considered Mr. Partridge an unfortunate position, willingly paid in his subscriptions on his behalf, and the result was that the poor fellow was enabled to have enough little leisure to be forewarned of all the time of his death, besides enabling Mr. Partridge to pay his household expenses. It is perhaps worth remarking that one or two gentlemen who retired the office subsequent to Mr. Partridge's illness, upon hearing of the circumstances willingly paid in their subscriptions.

The second committee meeting was held on December 3, 1878. It considered a charge made by Mr. Howe against the body for using abusive language. As the Father was directly interested in this case he did not attend, but Mr. Howe in order to make up the number was present. After hearing both the plaintiff and the defendant, and finding the misunderstanding arose about the opening and closing of windows, which by the way have been the cause of frequent little jars amongst the companionship, it was considered that a vote of censure against Mr. Howe would not be the case, especially as Mr. Howe did not wish to repeat the matter. On December 18 the Committee met to consider a note received from the house with reference to framboises planting on grass, which notified that in future grass could not be put on for a lengthened or indefinite period without the consent of the house. The Committee considered the interference with the liberty of framboises, and also contrary to the custom of the trade. Mr. Jeffrey was then called, and informed of the Committee's disapproval to such an understanding. Mr. Jeffrey submitted that the rule might be found towards work with the companionship generally, but stated that the house fully intended to take this step owing to the irregularity of Mr. Howe. Mr. Alland was then proposed that notice be introduced at the next half yearly Festival, to prevent a repetition in such cases, and Mr. C. said in that case he would withdraw his note.

after considerable harmony the companionship dispelled.

of Mr. Jeffery to have six grass instead of five.

After a short discussion it was decided to

inform Mr. Jeffery that the companionship

think five grass sufficient. The Father

After the matter had been spoken to and discussed, it was eventually decided to allow Mr. R. Cameron to remain as he was, as Mr. Jefferson informed the companionship through the Father that it would never occur again and was only done in this case owing to some special arrangement between Mr. King as executor of the late Mr. R. Cameron and the young man in question.

Mr. Symons withdrew his motion for the appointment of a permanent divider.

Mr. Green moved—"That the part in copy take all fat coming to him the same as rotary fat frame." Carried.

Mr. Green moved—"That all single and double column advertisements exceeding 2,000 words the frame, double columns to be collected by the owner of same." Carried.

Mr. Brown moved—"That the Express in future shall not send any sense to the frames the same as the rotary fat, that is, if a man does not set that it shall pass on to the next." Carried.
A Committee Meeting was held in the reading room on the 16th January for the hearing of the following charges:

Mr. Upton charged the Clerk with using offensive and abusive language towards him in the office on the morning of the 24th December. In this the Clerk entered a counter charge against Mr. Upton for falsely accusing him of staying longer than ten minutes after finishing work on the above named occasion. Both parties were fined 1d.

Mr. Symons preferred two charges against Mr. Upton, one for using insulting language towards him, and the other for striking him in the office on the evening of Sunday, January 11. After the hearing of evidence the Committee considered both parties in the wrong and fined each 2½ d.

Mr. Wilson while leaving left the office. Mr. Shaw was elected Commisariat in his place.

On June 10, the officers met to hear a charge brought by Mr. Green against Mr. Fearn, for working on the Saturday while being in want of an expert hand, and after hearing both sides, the committee decided to fine Mr. Fearn £1., and caution him that should the same thing occur again, the fine would be very heavy.

**Special Chapel Meeting**

Held in the Vestry Room on December 24th, to consider what action should be in reference to the following notice, which had been received from Mr. Jeffrey:

December 19, 1854.

Dear Father of Chapel,

I cannot allow bric-a-brac, wires, notices, and similar oddities, whether adult or child, to be charged as unparable. The arrangement to charge single-leaf displayed ads and a small number only of the advertisement columns, seems proper.

(Signed) Mr. Jeffrey

It was resolved that the officers of the Chapel with Messrs. T. H. Clientt, T. Kent, and Turner should wait upon Mr. Jeffrey on that evening and claim remuneration for these advertisements, that being the trade rule.
Later on in the evening the deputation waited upon Mr. Jeffrey, who said he could not accede to their request as he thought it was an unfair charge, and he did not believe it was allowed in any office in the colonies, whereupon the deputation informed him that they would communicate with the leading offices in Melbourne and Sydney as to their charges for this class of advertisements.

Telegrams were sent to the Age Office and Sydney Morning Herald" and satisfactory replies having been received they, with a letter and papers received from Mr. Burden, Prop. of the Union, were handed to Mr. Jeffrey and after a delay of some days the following reply was received:

MEMORANDUM.
FROM
BURDEN & BONYTHON
(LATE BARROW & KING).

Advertiser, Chronicle, and Express Office.

Adelaide, Jan. 13th 1885.

To Peter & Chappell
Advertiser Office.

Burden & Bonython,

I am instructed by Messrs. Burden & Bonython to inform you that they will allow all open page single line ads to be charged as blank after two made up among reading matter or not. Such a proposal is the custom in the Colonies; though at the time the arrangement was made it was only for display ads to the style of which he was not contemplating. They do not consider stock reports, trade reports, or prices of commodities which a nominal charge is made for. Under this arrangement remain, &c.

Yours truly,

Special Chapel Meeting

Held in the Office on Monday, May 9, 1875, to elect a committee man in place of Mr. Winter, he having resigned on account of some abusive remarks being made to him by a member of the companionship, when he reported for having fear under his frame. It was proposed and carried that Mr. Winter be asked to withdraw his resignation, which he agreed to.

Special Chapel Meeting

Held in the Office on Thursday, June 6. The Standing orders were suspended to allow of a motion being brought forward to amend Rule 1 as follows: "That the Chapel consist of all frame holders and grass hands working when their lines in the office, and that they shall be members of the South Australian Typographic Society, and shall not occupy any calling or employment other than that of the trade," Carried unanimously.

Sessional Arrangements—The Father then read a letter from the Manager in reference to the arrangements for the session, stating the number of grass he intended to take on, and also that Mr. Thomas Hunter would have a place on the "Express." It was carried unanimously that this companionship object to Mr. Hunter being taken on the "Express" as a frameholder, as it is contrary to our chapel rules, having another permanent employment outside the office.

It was also agreed that the chapel ask Mr. Jeffery not to put on any sessional frames, but to use all the house grass on Parliament nights, as the companionship felt we had too many hands on last session.

A gallery belonging to Mr. J. Symons containing objectionable matter was found to have been put down in the type room, and the Father having reported the matter to the Chapel.
Symons was fined 10s. and it was agreed that the fine of 10s. should be imposed on any found putting type back or taking type out of the room without the Visitor's or Factor’s permission.

Waiting time and the boy question was also discussed at the meeting.

Immediately after the above meeting the committee waited upon Mr. Jeffery in reference to his letter re sessional arrangements, when he said he would withdraw Mr. Hunter’s name from the list but that he could not see his way clear to do away with the sessional frames.

Dealing with the amount of time the companionship had to wait for copy at night a requisition signed by nearly all the members of the companionship was presented to the Visitor asking him to call a special chapel to consider the question. A special chapel was held accordingly, when it was resolved “that the chapel rule re waiting time should be entered.” This resolution was submitted to Mr. Jeffery with the chapel’s scale of waiting time, who said he would lay the matter before the firm, but he did not expect that he would be able to give a reply for a short time, as one of the proprietors (Mr. Burnett) was in Melbourne, but that Mr. Burnett would make inquiries as to the rate of standing time ruling in Melbourne and give us a reply when he returned. While the companionship was waiting for this reply and still having a considerable amount of waiting time as well as very few hours on composition, it was discovered that matter set by the apprentices was charged at less than standard rate was appearing in the morning paper. The Chapel Officers at once waited upon the manager and drew his attention to this infringement of a trade rule, when he (the manager) stated that he did
not wish to use any of the boys matter for the morning paper, but if it did appear he would not agree, and he believed the firm would not, and he would advise them not to for the companionship to charge it. A special chapel having been called for June 5, this matter was then discussed, and a motion was proposed by Mr. Keay, seconded by Mr. Barry—"That all matter set by the boys appearing in Express or Advertiser be charged by the companionship," to which an amendment was proposed by Mr. Tewksbury, seconded by Mr. Baldwin—"That we demand all matter set by the boys appearing in the dailies except tale." On a motion division being called for the motion was declared carried. The officers then waited on the manager and informed him of the resolution of the chapel, which he seemed to think was monstrous, and said he did not believe it would be allowed in any office. The deputation then informed him that they believed it was allowed in the Register Office, but the manager seemed to doubt this statement and said he was prepared to prove that nearly all the articles that appeared in the week by Observer appeared in either the Journal or Register, and some of those must have been set by the boys working on the Observer. The Father and two the next morning waited upon the President of the society to ascertain whether boys matter appearing in the dailies was charged by their companionship, to which they received a reply, that they had not known of any appearing, but if it did appear they would charge it as they had it in writing from their firm that they would allow such a charge. The companionship were called together again on June 10, and after the Father had informed them of the reply he had received from the President, it was decided to enforce the resolution passed at the previous meeting.

On the 29th June the following letter was received

It was then decided that the boy question should stand over for the present.

The motion was carried.

Mr. Barnet moved as a further amendment: "That this and other questions be referred to the most general meeting of the Society, and that a delegation from that Society be appointed to wait upon the masters to settle the present
and other disputes,” Mr. Moore seconded.

The amendment was carried.

Mr. Barker moved—“That this chapel recommend the society to adopt the standing time scheme on the Advertiser Chapel Rules!” Carried.

The officers of the Chapel while waiting on Mr. Jeffery in reference to waiting time drew his attention to the small amount paid by the house to the Director, and they afterwards received the following reply:

Special Chapel Meeting
Oct. 5, 1855

This meeting was called through a dispute having arisen between Mr. Nook and the officers in reference to the figuring of problems. The figures had been as usual drawn on the Wednesday and Mr. Nook drew his 3, but no problems came in till the following day and Mr. Nook then laid claim to it as he had his figure on the previous day. To this the Express hands objected and decided to figure again, and after this had been done, Mr. Allie secured the lucky figure. Mr. Nook refused to give up the problem which he had by this time secured.

The Chapel, after discussion, the matter fully decided that the action taken by the Father be affirmed, and that Mr. Nook be informed that he must either become a member of the companionship and subject to Chapel rules, or else have his name struck of the Express list of the companionship.

charged.

Two charges have been dealt with by the committee during 
the half-year. The first was laid by the Clerk against Menders

second was by the Father against Mr. N. Hesselt for having suffer 
after copy was put he not being in proof. Fined £.

The question of up to what hour waiting-time should be 
charged after copy is out formed the subject of a very warm debate 
between the managers and their secretaries during the half-year, and the 
arrangement was entered into that it should be chargeable for one hour 
after copy is out till report: it being when the matter could be discussed. For 
this arrangement had afterwards to be withdrawn as the deeply decided 
that waiting time should count up to the last proof coming out.

Special Chapel Meetings

October 13, 1886

This chapel was called through a requisition being forwarded to the father and of decented, to reconsider the tender which had been accepted by the committee for distributing desktops. It was pointed out that there seemed to be a misunderstanding between the parties tendering as to what were the duties to be carried out, and although they had not stated in their tenders the tender which had been accepted by the committee did (in order that they would guarantee to keep the display cases they had intended to do so,) and it was decided that the tender should be reconsidered, and the tender of Mr. W. Wells was accepted, instead of the tender accepted by the committee of Mr. S. A. Kelch.

October 22, 1886

The following requisition having been presented to the father signed by 36 members: We the undersigned members of the "Adiocraters" companionship request--
that you will call a Special Chapal Meeting to consider
the advisability of protesting against the practice of giving
all the display advertisements coming in in the daytime
to one man; a Special Chapal meeting was held at which
the following resolution was unanimously carried:—That
this meeting views with displeasure the continuance of the
system of giving so many of the display ads to one man after their protesting against
such practice, and they again request that these advertisements should go round in turn to be figured by all
operators' hands on the daytime of the same as at night.”
It was further resolved that the foregoing resolution should
be presented to the manager by the number, and should he
(disagree) refuse to accede to the request, he be asked to
introduce a deputation, consisting of the Chapal Officers with
presses, Adlerstein & Co., to the firm to lay the matter
before them.

The manager having declined to grant the request,
the deputation accordingly waited upon the proprietor, and
laid the grievance very fully before him and after a delay
of a few days the following reply was received:

The Companionship
of the Adventurers
Adelaide, December 16, 1886

Gentlemen,

We have received and carefully considered your letter dated Dec. 14. As you know from past experience, we are always willing to do what we can to meet the wishes of the companionship, but you must really allow us a little latitude in the conduct of our own business. The Hambard I. & Co. is now finished if you will not again be asked to take only 38. Having as we have said carefully considered the matter, we do not think any advantage would result from receiving a discount. We hope that there will be no further complaints.

We are, gentlemen,

Yours faithfully,

B. H. Bonthon
Immediately upon receipt of the communication the clerk was at once instructed to write to the firm pointing out that they had evidently misinterpreted our letter as it was not the shape of intention to dictate in any way, as to how the firm should conduct their business, but merely to offer a suggestion which, if carried out would have proved advantageous both to the firm and companionship, and to again ask that the firm would receive a delegation from the chapel to discuss the matter, which brought the following reply:

**ADVERTISER, CHRONICLE, AND EXPRESS OFFICES.**

**MEMORANDUM.**

**From.**

**BURDEN & BONYTHON.**

**To.**

**Adelaide.**

Mr. (signed) 

Clerk Adelaide.

Dear Sir,

In reply to yours of the 28th instant, I have now the honor to acquaint you that we cannot agree to hire ourselves to any particular firm for editing the church. This is a matter that was left to us and our successors, and we and fellow workmen regard and regard it as a matter which is not to be interfered with in this and all other matters connected with the work of the office.

Yours faithfully,

Burden & Bonython.

A special meeting was called for January 5 to consider this letter, when it was resolved that a memorial should be drawn up for presentation to the firm and signed by members of the companionship, who felt it necessary to do so, requesting...
to work after a certain date if any time was made at all at 8.30. The following is a copy of the memorial:

After the memorial had been drawn up and signed it was pointed out by some members of the Company that from a legal point of view the Company was saying themselves entitled to be heard with respect to the destruction of the document and the Chaplains' Committee decided to consult the Company who had refused to interfere in the dispute although it was a matter for the Chapel to settle. However after saying that the Chapel were determined to fight the matter out, the Society decided to ask the Chapel not to present the memorial, but to hand the matter over for them to deal with, and at a Special Chapel held for this purpose it was unanimously decided to accept the resignation of the Chaplain. Dying to the absence at this time of one of the Proprietors (Mr. Hemstall) from the colony the Society were unable to hold any correspondence with him, and knowing the time he was away the matter in dispute had been remitted to the Society before communications with the firm on the return of the absent proprietor asked the Chapel would they please to leave the matter in abeyance till it occurred again, or deal the with the Society to secure for them an assurance that it would not happen again? The Chapel decided that the Society should be asked to finish the matter, which they did with the following result.
Imperial Chapel Meeting
Held March 30, 1869

The whole of the members of the Chapel with one exception (which was through illness) were present.

The following letter from the firm was received asking the companionship to accept a reduction of £1 per £1,000 for composition and £ for time work.
It was unanimously carried on the motion of Mr. White, "That the Chapel as members of the South Australian Typographical Society and Australasian Typographical Union do not accept the terms offered by the Trustees."

It was also resolved "that the firm's letter should be forwarded to the society for their consideration."

It was further resolved that the foregoing resolutions should be sent to the firm.

Committee Meetings

The Committee met to investigate a charge brought against Mr. Ashton for printing, and he was fined 50s.

Owing to various complaints being made to the officers about the way in which the accounts seemed to go into the local, particularly, the firm met to consider the matter but were not able to do anything in the matter through want of sufficient evidence, but they decided to recommend the matter to consider it.

Adopted 1st and 5th of April 1857

I have the honour to inform you that I have received a reply from Mr. W. T. Jeffery, Manager Print of the Advertizement office, with reference to the question of charges referred by you to the 54. Mr. Jeffery says that the matter has been placed before the firm, and that they have decided, seeing that there was some doubt as to the strict interpretation of the rule to allow the charge for the advertisement named.

I am yours faithfully,

A lengthy discussion then took place on a motion tabled by Mr. Barnes in reference to advertisement going round the farms in turn instead of being sent under the weight as at present; when it was resolved on the motion of Mr. G. Hunter—
"That all articles go round in turn the same as good copy on the "Express" all 12 30 o clock, except on Thursday nights" by Mr. Stentridge. "That two kinds of fat go round the frames—Long fat and Short fat—Long fat to be over 6 inches, and Short fat to be from 6 to 8 inches" carried.

The Father made an explanation as to the use by the on the "Express" and it was decided to bring the matter under the notice of the Society. This was done by your officers, and the Society decided that the practice could not be allowed.

Mr. Stentridge tendered his resignation as Father, and Mr. Pearson was elected to fill that position. Mr. Avery's resignation as Clerk was accepted, and Mr. Monro elected in his stead.

Mr. Fowler's resignation as Committeeman was also accepted. Three Committeemen being required, Messrs. Baldwin, Grosvenor, and Heath were elected.

Messrs. Melbourne, Simpson, and Mr. Heath were each fined 2/6 for refusing office.

The Companions were called together in July to consider what action should be taken with regard to an advertisement that had been set in the Daily Office, stereotyped, and printed in the paper without being charged by the Companionship. The question as to the charging of House Notices appearing our leader having cropped up, it was decided to bring the matter before the Society at its half-yearly meeting. Special Chapel Meeting.

Held in the Office on November 19, 1887.
There were two absentees.
This meeting was called to consider the resignation of a committee man (Mr. Paulin), and the reasons for his doing so.

The father called upon Mr. Paulin to make a statement, which he did, but eventually was persuaded to withdraw his resignation. The he agreed to do; but subsequent circumstances caused Mr. Paulin to again tell the companionship that his resignation still remained in his hands.

From this stage of the proceeding, it was utterly impossible to give an accurate or even condensed account of the meeting correctly.
Mr. Foote having definitely decided to resign, Messrs. Melbourne and Barrett also tendered their resignations as members of the Committee.

Nominations were now called for three Committee men, and the following were elected: - Messrs. Simpson, White, and Barrett. Mr. Anderson made an explanation of several points in which the Committee thought he had acted wrongly in reference to Mr. Foote.

After some discussion Mr. Baldwinson proposed - "That Mr. Anderson be fined £1 for abusive language towards a private member of the Company." Carried.

Some discussion also took place as to whether a man working on time for a full week could come back and work for another man at night. Mr. Baldwinson proposed - "That this matter be referred to the Society." Carried.

The meeting then adjourned.

**Special Chapel Readiness.**

The members of the Company were called together on November 17, 1854, to consider the resignation of Mr. Barrett as a member of the Committee.

After his election Mr. Barrett continued to take his place on the same, after leaving the Company to believe that he intended to do so.
The Father subsequently interviewed Mr. Brandt, and advised him to resign, which he accordingly did.

Nominations were called for a member of the Committee and Mr. Andrafs was elected.

The meeting then adjourned.

The members of the Companionship were again called together on November 17, 1867, to consider the resignation of W. T. H. Bassett, who then nominated at the previous meeting spoke rather disparagingly of the "topic," leading the meeting to believe that he preferred to be an officer rather than a candidate; consequently he was elected.

(Chap.)

This gentleman evidently changed his mind, and continued to go on the stone while being an officer, causing objections to be raised from all quarters.
Subsequently the Father interviewed Mr. Bassett and advised him to resign which he did, and on this occasion the resignation was accepted unanimously.

The Father then called for nominations, two candidates being put forward. Mr. Randagh having obtained a majority was duly elected to fill the duties appertaining to the office of a commissioner of the Adventist Chapel.

Adjourned.

Special Chapel Meeting

Held in Office on January 6, 1888

This meeting was called to elect a "Dei Grae," Mr. Wells having been discharged by the Company's clerk. Before the election took place the Father announced that he had received a letter from Mr. Wells as a sort of proclamation why he had neglected his duties. It was suggested that this letter should be treated as an application, but by an overwhelming majority it was decided that his letter be not recognized in any way.

There were five applications for the position of "Dei Grae," and it was agreed that the election should take place by ballot, which resulted by a large majority in Mr. T. B. Hunt being the successful candidate, who was also
appointed the contractor for dressing display for the ensuing three months.

It was resolved that tenders should be called for dressing display left by late contractor, the conditions being that the Chapel pay the balance of cost for dressing same should there be any.

Some discussion took place re taking making "short fat" being lifted from the weight, the man so lifting probably losing a take of "fat." It was ultimately decided that the gentleman so lifting the doubtful take should place his name on the slate, and that no other gentleman should lift until he had ascertained whether the take he had lifted was fat or otherwise. Also that anyone entitled to said "fat" after 12 o'clock should (if he has a take in hand) place it under the weight, only charging what he has set should it make one line or over; or complete his take if he has not more than one line to finish (subject to the discretion of the officer).

Special Chapel Meeting

Held in Office on January 16, 1888

This meeting was called owing to some disagreement having occurred between some members of the Company and the Officers of the Chapel, Mr. Phillips having
been deposited (as per rule) by Mr. Pearson—
the Father having placed the matter
before the Companionship in a fair and
equitable manner, it was proposed by
Mr. Pearson—"That this Companionship
disapprove of the action of the Officers
with regard to Marshals' Aid." Seconded by
Mr. Braidwood. Lost.

Proposed by Mr. Baldwinson—"That the
Third extra should be charged," Seconded by
Mr. White. Lost.

Proposed by Mr. Melbourne—"That the
matter be further referred to the Society for
their opinion." Carried.

The final adjourned meeting

Special Chapel Meeting,
Held in the Office on February 2, 1855.

This Chapel Meeting was called to examine
a Case against Mr. Cross for overcharging.

After the Father had stated particulars
and Mr. Cross having made his explanation,
Mr. Hinshcliffe proposed—"That on account
of the Order brought here to stop the Companionship
deal with the question, but that it be no precedent
in future." Seconded by Mr. Harris and Carried.

Mr. Hinshcliffe proposed—"That Mr. Cross
be fined £1." Seconded by Mr. Baldwinson and

Mr. Melbourne asked the Father if he would state the opinion of the Chapel on his (the Father’s) ruling in reference to having his Commercial hands in one weight.

The Father explained that in the case referred to the Commercial hand had to choose between taking the Commercial or the Decalogue Acts, as the Director said that he could not take both; and as the Commercial hand had taken the Acts, he thought, as the Commercial was complete, he would allow the rest in that figure to take it. After some discussion, a motion was carried that the Father’s ruling in this matter be discontinued.

Mr. C. Lewis then moved and it was seconded “That in future where Acts are too large for the Commercial hand to take with the Commercial, they shall go out as Fate.” Carried. Chapel then Adjourned.

A Committee Meeting was held on April 9. The Father went to the loan agent to see if Jeffry had given the 2-cent Temple Acts being typed very short. Mr. Jeffry informed him that they had sent to Melbourne for more, but they had not then arrived. It was decided that Mr. Foreman be employed one hour in picking out and cutting those which were very short.

Some discussion took place as to the interpretation of the Rule passed at the last annual Chapel re the Director; and it was decided that a Special Chapel be called to consider the same.

--- Special Chapel Meeting ---

A Special Chapel Meeting was held in the Dining Room on April 12, for the purpose of dealing with the motion carried at the last annual Chapel re the Director, which had been moved by Foreman.
Mr. Henwood made an explanation of the manner in which he intended the rule should work, but eventually made an alteration in it, and again moved it, as follows:— That the division be taken by all Shareholders paying 2s per week, but that anyone not paying two shillings (except through illness) should pay all arrears money owing as soon as he returned to work, and arrears to be at the rate of 4s per week. That anyone wishing to drop out of the Division and pay 2s per week could do so by handing in notice to the Clerk on Thursday, April 15. This led to the meeting it was stated.

Mr. Melbourne moved, and Mr. Simpson seconded:—

"That we go back to the old system." Carried.

Agreed.

A Committee Meeting was held on April 20, to consider the Rule passed at the Half-yearly Chapel in reference to the Stone Hands, the Manager having complained to the Fathers that the Rule as carried would be unworkable. It was decided to lay the matter before the Chapel.

A Special Chapel Meeting was held on May 3, to consider the above-mentioned rule regarding the Stone Hands. After some discussion the following resolution was carried:—

"That in cases where Stone Hands cannot get permission to work at their Frame for the week, as to enable them to do their job, the same shall stand as owing to them in the usual way." Carried.
A Committee Meeting was held on May 7, to consider the manner in which Mr. Bungay had done his division, several complaints having been made. It was decided that Mr. Bungay be fined £2 for neglect of duty on the Thursday, in addition to the fine previously imposed.

It was also decided that permanent express hands playing 6d. per month for tripeplay are not entitled to take any of the robbery free except first in copy when working for anyone at night.

A Committee Meeting was held on August 1st, to consider a charge against Mr. Willingham by Mr. Bell for insinuation working. It was pointed out that Mr. Willingham had lifted a table at about 10 minutes past 11, and having to go on the show at a quarter past he took it to the overseer and told him that he could not get that table he had lifted in time, and the overseers then took it from him and handed him a smaller one from the stock. A motion was carried that he be fined £4, and that if it occurred again a larger fine would be imposed.

The question of tripeplay rules were brought up, and it was agreed that tender be called, returnable about two days before the next half-yearly chapel, so that they can be considered at the Chapel.

It was also agreed that the Chapel Rules be brought up for consideration at the next half-yearly Chapel, and that copies of same be distributed to members to enable them to consider them.

A Committee Meeting was held on August 23rd, to consider a case against Mr. Bungay for overcharging his tables. The Fobbing Mr. Jeffery had printed out to him is number of tables on that Mr. Bungay had overcharged, as much as £5 on the month.
long shown in some cases. And he also informed
him that he would leave the matter in his hands for the
Chapel officers to deal with. Mr. Batches was asked
if he preferred the Chapel officers to deal with his case,
and he assented, that he would prefer it. At this
explanation, Mr. Batches, said he could not account for
the fines overcharged.

After some discussion a motion was proposed that
he fined £1. An amendment was also proposed that he
be fined £2. The Committee were divided on the matter,
but it was carried by the casting vote of the Father, that
the £1 fine be inflicted. It was also decided that
the Rev. Mr. Jeffery be thanked for placing the matter in the
hands of the officers to deal with.

Committee Meeting.

A Committee Meeting was held on October 7, to consider the resolution carried at the last Yearly Meeting in reference to alterations going round the frames in turn, and House proofs going round in turn amongst the Correctors, and to interview Mr. Jeffrey about the same.

After some discussion by the Committee, the matter was laid fully before Mr. Jeffrey (he having also been informed of it some days previously), and he informed them that as far as he was concerned he couldn't see how the thing would work. He thought it would greatly inconvenience the house in getting the Alto, etc. After several arguments had been advanced in favor of it by members of the Committee, Mr. Jeffrey said he would speak to the meeting to-morrow, and see what he thought about it.

In the matter of the House proofs going round in turn amongst the Correctors, he said he could see no objection to them going on a separate mail and going out in turn. However, he said he would consider both matters, and let the matter know his decision.

Letters were received from several of the Company, for the subscription list and prices in terms of the resolution carried at the last Yearly Meeting, that is 1-5 per month for the first year, and that of Messrs. Mac and Blount was accepted for the ensuing six months.

The members of the Company were called together on October 10. The letter reported that the Committee had met to consider the proposition carried at the last Yearly Meeting as to alterations going round the frames and House proofs going round amongst the Correctors, and had also laid the matter before Mr. Jeffrey, who did not seem favorably inclined with the idea.
When Mr. Jeffry's reply came to hand he would consider it before the Chapel. The motion before the committee to adopt the report of the Committee was carried.

The members of the Chapel were called together on April 17, when the Father read the letter he had received from Mr. Jeffry as follows:

Dear Sir,

Please to inform you that after careful consideration and consultation with the firm in the Cape, the questions of adicts belong to the Cape, and home projects together among the convicts, I am of opinion that the system is most certainly impossible under the circumstances. I cannot, therefore, agree to any alteration in the present system.

Yours truly,

MEMORANDUM

FROM

BURDEN & BONYTHON.

Adelaide, Oct 21, 1881

70

J. A. Price of Chapel
Offices

Dear Sir,

I now return proofs of Chapel rules which have been submitted to the firm and have read through myself. We do not think it necessary that the rules should be signed by the firm or by any on their behalf, as the back of them does not affect the house: they will therefore, it is a parliamentary phrase, be left in their operation.

Yours truly,

The matter was allowed to drop.

A Committee Meeting was held on December 18, to consider a matter reported to the Father against Mr. Dickson. It appears Mr. Alexander lifted a four inch advertisement under the stand by weight and when he returned to his frame handed it over to Mr. Dickson, who was held by one or two of the company, that he could not put it, as it would be a short cut. There was no officer present at the time, and it was referred to an ex-officer who told
Mr. Ashton that he could set it. The Committee were of opinion that Mr. Ashton had done wrong in removing and setting the table, and decided that he lose the table, and that it be given to the Unit in short, fail to change.

A Committee Meeting was held on December 3, to consider a protest by Mr. Cameron against the decision of an officer on the Fortuna, as follows:—Having been informed from seeing the first cut on the Fortuna this morning, through the office in charge, giving a ruling, contrary to that given on previous occasions by the present and past Fathers of the Chapel, I must beg to be allowed to file first to remove morning in compensation for any loss sustained through a ruling decision. Dated 11th Cameron.

After some discussion, it was decided by a majority of the Committee that the request should not be granted.

A Committee Meeting was held on December 23, to consider a charge laid against Mr. P. Williams for unfair working. It appeared Mr. Williams had left on time at 10:15, and lifted a table at 10 o'clock. After quickly bringing the table to the frame, he made the table work all day and by force of the weight without saying a word to anyone, and after leaving at 4 o'clock, on his frame for quarter of an hour, Mr. Williams appeared to be under a misapprehension about the law on this matter, and said he was not aware that he was also doing wrong. He said he thought he could not get through the table in time, which was 2½ times more of a man on balance sheet. After some discussion he was found 11.

A complaint against Mr. Ford was also considered. The case arose through Mr. Ford coming and with one of the officers when going away and for a few drops and having a glass on
i.e., to put him on the Stipends on the Friday, as he said he would be back then. He was told by the officer that he would be able to take the Stipends provided he was back in time to work on the Friday. Mr. Jeffery was put on the Stipends, and the Father, thinking he was coming to work on the Friday, rubbed his name off the Pass-book. He did not come to work on the Friday or Saturday, and of course had no one representing him. When he came on the Tuesday, Mr. Jeffery informed him about it being no one representing him, and he informed Mr. Jeffery that it was a misunderstanding on the part of the Chapel officers, which led to the Chapel officers receiving a note from Mr. Jeffery advising them to be careful not allow such a misunderstanding to occur.

It was decided that the Father went on Mr. Jeffery and cleared his mind of the fact that the Chapel officers were not in the wrong and it was also decided to caution Mr. Jeffery. In case such a thing should occur again, the Committee decided that unless a man insisted on taking the Stipends that were not due on the Friday, he should not be allowed to take the Stipends.

A Committee Meeting was held on December 11 to consider the question of changing Harold Rice's attachment (about half a page). The top part of which was not across five columns, and computer the other part set in neo-measure and tabulated up underneath. Mr. Jeffery informed the Father when he wrote to him that he could not see where the extra could be charged on the tabulated up portion of the Ecrit, as he thought everything set to neo-measure was that was not changeable as extra, but he would allow him two printing times for making the Attachment up.
By Mr. W. S. Irons — "That taking the "Express" large enough to make either long or short stops, whether on the first round or otherwise, is out according to list." Carried.

By Mr. W. Simpson — "That Sub-Correctors lift proofs at 12 o'clock on ordinary nights, & 10 o'clock on "Chronic" nights, (Thursday & Friday), unless advised to the contrary." Carried.

A motion was Carried that the display contract be let at the same price as last year. [The contract had subsequently let to Messrs. Kelly & Co.]

A motion referred from the Committee to the Chapel. In reference to complaints made about proofs being inside hands late in the morning was considered. Papers now taken to the press, they had been tried out, and the following motion was carried — "That the Chapel is of opinion that the proofs should be done to the Correctors as they come out, whether finished or not."

Another question submitted from the Committee as to the relative position of Sub-Signed Correctors and Lane on the slate after copy was up. The following motion was Carried: — "That when Correctors are not their number should go on both sides of the slate." The suspension of the Standing Orders was again agreed to to allow Mr. Morris to move.
Committee Meeting
Held in the Office May 19.

The committee met to hear a charge against Mr. Baldwin and Mr. Breeze for unfair working. After the evidence of Mr. Davy, Mr. Cameron and Mr. Hendridge had been heard, the Committee unanimously decided to fine both Mr. Baldwin and Mr. Breeze $2 each for "unfair working" and $16 each for Contempt of a Committeeman (Mr. Hendridge).

That it be laid on the table all minutes of the Committee and that the same be (sic) copied and sent to all members.

Mr. Cameron was charged with unfair working and after the evidence had been taken he was fined $2.
Half-yearly Chapel Meeting

Held at the Selborne Hotel, Fri 4th, Saturday, Nov., 1890.

Mr. B. W. Chadwick and Mr. Blackett were fined 50/- each for being absent, and Mr. W. T. Kelly, Mr. W. B. Batchelor, Mr. T. W. Damley, Mr. A. Carter and Mr. W. D. Tingley, each for being late.

The minutes of the previous half-yearly proceedings were read and after two motions had been moved were passed.

Mr. Chadwick took exception to the motion passed by the Committee as recorded in the minutes to permanent Cypress, under the heading at night and not being allowed to tell the Seed-Corning to their friends. After discussion the following motion by Mr. W. B. Batchelor was carried:

"That shareholders on the Cypress Corning, sheets at night be given a right and shall be allowed to tell the Seed-Corning to their friends." After discussion by Mr. W. B. Batchelor the following amendment was made:

"That the motion passed by the Committee be confirmed but afterwards will/dess it in favour of the prosecution."

Dated (Mr. Blackett) decision—During the discussion on the cropping matter Mr. W. B. Batchelor said he also hoped to bring under the notice of the Committee which had been put by the John Lee (Mr. Blackett) and Mr. S. C. Cameron had made an arrangement whereby they could come.
back to work at night for Aberdeen Land or he would represent them the following day on
the subject. This he said would be them an opportunity of having a ‘day off’ when they
wished it—which was as much to them as a night off to a night land—without losing
any time. The father had refused to allot
this receipt in cash where the half were all
engaged both for the night they would come
back and the following day and he would
therefore like the opinion of the Chapel;
looking to discussions that followed the
father’s action and actually endorsed the
date father (Mr Pearson) remarking that the
same arrangement was submitted to him
when he was in office and he had re-
jected to allow it, even if all the funds were
engaged. It was insisted that the express
would come back at night for audiences
and must rely on his own funds to express
the following day.

The balance sheet for the year ended October 31 was read and adopted.

Comittee of Officers—Father Mr W. H. Brown;
Chairman—Mr. Bennett. Committee Members—Dr. Bain,

25th 1890. To the Father Aberdeen Chapel:

Dear Sir,—As I was told by the doctor
that with my Complains (Chronic Rheumatism)
I might to have all day work for if I get
a chill I will have a relapse. So I asked
Mr. Jeffrey about getting it and he
and he advised me to apply to the Chapel for three months leave of absence out of my System and that with my next chance I would do all that I hoped the Chapel would see. Their may be clear to reject me this request. I remain, Your's very O. A. Morris

The latter stated that the officers had allowed Mr Morris to work on the express as an extra hand from week to week but thought it not wise for Mr Morris to ask Mr. Jeffrey for permanent day work without first consulting the Chapel. Resolved on the motion of Mr Baldwin—That this Chapel sanctions the action of Mr. Morris in asking the manager for a permanent express hand and that the officers have power to grant Mr. Morris the express from week to week application to be made each week for three months or until they deem it necessary; after that time application to be made to a special Chapel.

Mr. Acton moved—

He said that he came back to work because the case was open, the hard rain undertaken. He was debauched from all past, had allowed himself for grace but he was against him. He would take care of houses that no one be allowed to come back.

The Taitle referred to Mr. Acton's statement as were ridiculous.
Mr. Melbourne moved that the meeting adjourn to other business. Carried.

Mr. Melbourne moved the suspension of the standing order to define rule 25. Mr. Brough moved as follows: to the effect that the house would raise its hand in the number of the name he represents, that he stands equally in the same position with regard to facts as the Companion he is representing. Mr. Melbourne acceded. Mr. Melbourne moved as an amendment that he be adjourned first in order.

Mr. Brough acceded. The amendment was declared lost but Mr. Melbourne presented a motion, which resulted as follows: No, 15. Against 31.

Mr. Heaton proposed that anyone coming back to represent another take the facts whatever. After further discussion, the House's motion was carried.

It was suggested by Mr. Wood the Committee went on the Manager about the letting of copies in the afternoon. Carried.

Mr. Hooper said something should be allowed for having to lift copies after the House were made out on Thursday afternoon. After a vote of thanks had been offered, the Chapel adjourned.
Committee Meeting, Nov. 1891.
Mr. Rochester charged Mr. Barrett with
leaving kipper from his frame.
Mr. Barrett admitted it.
The Committee decided before Mr. Barrett.
At the same meeting Mr. Barrett charged
Mr. Rochester with using threatening language.
Mr. Rochester denied the charge.
After evidence had been taken the Committee
decided to dismiss the charge.
The Committee were of opinion that all
kype should go through the hands of
the Judge. The Father said he would
interview Mr. Rochester about the matter.
Committee Meeting, Nov. 1891.
The Father said that on the previous
Wednesday Mr. Melbourne told him that Mr.
Rochester could not find as he would be on
the defence that night. The Father, therefore,
interviewed Mr. Jeffrey who said that Mr.
Melbourne would have missed his defence.
Mr. Jeffrey was waited on the Chapel, as we
had that Mr. Melbourne had waited on him,
he told him he could not take the toffees
as he had conniptions the last, but on him
informing that Mr. Rochester would not
stop he conniected to Mr. Melbourne today the
defence. Had he known that Mr. Melbourne was
on the defence he would have marked his
name off. The Father waited on Mr. Jeffrey
who said he wanted the previous arrangement
to be good. He said he gave Mr. Melbourne
permission soon as he thought he had seen
the Father. The charge had against Mr.
Melbourne was turned down, the rule was
established.
Mr. Melbourne said he was sorry that such a thing had happened, as he was disappointed to see it. Theiocclamation what the Angel had said. He had no intention of going over the head of the Father. Mr. Jefferson said he could go on the express if the Angel could spare him. He had nothing more to say as it was a memorandum.

Mr. Jefferson said he told Mr. Angel he was in jail, she had made arrangement with him as he would be off the stone. Mr. Angel stated that Mr. Angel told him that he had done much. He was not to great inconvenience. It was not the house that had broken the agreement but Mr. Melbourne.

It was decided to fine Mr. Melbourne $25 for breaking the rule, and as he had apologized for taking trains through the town he would only be fined $10.

It was decided that the Father see Mr. Angel about the Christmas gift. Applications would be received until just Monday in December.

The Father waited on Mr. Jefferson, where a note was brought saying that had appeared in the paper. The note the thought not as there was no setting, there it was there to ask her Jefferson to come with him.

Mr. Jefferson thought the Chapel could not charge them at the camp service, but as it was there was no charge.
Crash meeting held in office on Feb. 11. The Father stated that he had been in New York about his work for the Yanks, and he gave him his reasons for doing so. After the Father had explained, it was decided that the reasons given were satisfactory.

At Crash meeting held on March 4th in the office, the Father estimated that he would receive a letter from the Secretary of the Yanks about the reinstatement of certain printers at the locality, and that he would be pleased to secure any support from any member of the Companionship.

After a great deal of discussion it was decided that the Committee interview the evening one here what arrangement could be made at.

Also on March 10 a Committee only was held in the office.

The Father drew the attention of the members to a supplement that had appeared in the paper a few days back, the thought they were entitled to charge it as one made of it had been set up in the newsroom, the other one in the jobbing office. Before they were allowed to publish it. The printers had sent an email to the editor of the paper that he was certain this it should be charged. He saw the papers who thought the members had no claim.
that the whole lot be set up in the printing office, they would be entitled to it. Mr. Thomson also thought they were not entitled to charge it. The latter thought such an interpretation was unfair.

The Committee decided that the matter be brought before the Chapel, read it out to the Board of the Synagogue, then forward it on to Melbourne elsewhere. The next meeting of the Board it was decided to take a copy of 25 or 26 copies and of the Chapel funds.

Mr. Shanks stated that he did not recognize the right of the committee to interfere with the matter. He had written to the Secretary apologizing for reasons for being bad at the meeting. It meant a loss of money to him if he constantly paid up the arrears. The committee took the earliest opportunity of writing off the debt.

Mr. Wisham said he intended to take it off as soon as possible.

Mr. Anderson thought the Chapel had no right to interfere. He would pay off when the debt increased. He was not disposed to pay it at present. He had told Mr. Smith that it was his intention to pay up, should it.

Mr. A. E. Tomlin
Clerk, Advertising Chapel

Dear Sir,

Your letter of 14th inst. was laid before the Board on Saturday, together with a reply from the Council of the A.T. Union to the question submitted to it. I am directed to forward you the following opinion of the Council for the information of your officers, and it is hoped that it will be of material assistance in settling the question to which it has reference: “That the Council of the A.T. Union are of opinion that the whole of the advertisement or the back of the supplement is fully chargeable on the space occupied; and also reaffirm that all matter must be paid for once in a daily paper, whether supplement or not.”

This opinion is the same as was given in 1886 in answer to a question from the Ballarat Qy.

Thanks you officers be unable to secure the recognition of this opinion by the Station proprietors. Therefore refer the matter to the Executive of the Society.

Yours faithfully,

The Chapel decided on the following resolution brought forward by the committee:

"That the question be sent to the Society for its consideration with the suggestion that the secretary of the Society enter into communication with the Superintendents of the newspaper offices in the other colonies as to the charge to act so as to prevent the matter in question from being used as a means of advancement for themselves at the Broad.

Complaints were made about the way in which the copy came up on Thursday night, but was thought that such should be remedied to as to prevent the same thing from recurring. The Committee also dealt with the cases of absentees and the matter of the paper being deleted.

Committee Meeting, March 16, 1831:

Mr. Miller charged Thomas, son of Bennett Miller, with assaulting and threatening him away from his home.

There was a cross charge against Mr. Miller for using bad language.

The Committee decides to fine Mr. Miller.

Bennett Miller, $1 each. No decision on the charge against Mr. Miller.

On Thursday, March 21, a Chapel meeting was held where it was decided to hold the half-year’s chapel in the office at 10 o'clock.
Having viewed an answer about the
supplement, in the charge of the supplement
which appeared in the last week in February,
from the secretary of the society, the committee
agreed on not relying on Saturday, April
11, 1892.
The letter was the latter, which was as
follows:
The act also stated that he was of opinion that the supplement was fully chargeable and
should have been charged with matter that had been contained in the sewer. The lead was
from the London Waterworks Company in support of his contention.

The officer said he thought the demand was unreasonable because it could not be fairly demanded.
It was not customary for the charge to be made. The judge informed the complainant that
we had a specimen where a supplement had been charged for the services made.

In this case, the supplement had been set up when all the lands were in the city, so it would be unreasonable for the City to have imposed the matter.

After a great discussion, no satisfactory conclusion could be arrived at, the judge deciding that the proposal was objected strongly against. The defendant of the supplement stated he would not do it unless compelled.

The Master Printers Association, by the belief that the present agitation would lead to the setting up of matters that had been previously done in the printing office. Mr. Jeffreys promised to bring the matter before
the Master Printers Association thoroughly.

Mr. Melbourne seconded. Carried.

The letter was removed from the Manager in the charging of furniture.
After a good deal of discussion the matter was referred to the Committee. After the usual vote of thanks to the four officers the meeting concluded.

The officers of the Chapel introduced two letters about the charging of the subscription which had lapsed a few weeks back.

Notwithstanding all the arguments that were brought forward in favor of charging the matter the petition remained unanswered. That the Companions were not justified in charging it.

Fortuitously, however, that meeting held in the office May 10. the whole of the members of the committee were present. Mr. Pearson was chosen chairman, Mr. Bennett, secretary. Carried, that chairman should go and see the manager to ascertain if he could allow "official" hands off on Tuesday night, or if not, for the height of 12 o'clock.

A special committee considered the report of the 'Ypres' Committee on Thursday, May 20, when it was decided to abandon the idea.
A special Chapel meeting was held in the office on July 28th for the purpose of obtaining the signature of the chief clerk. My Assistant, Mr. Smith, announced the vote on the previous day and asked for a vote on the matter of the subscription list for the benefit of the society. He proposed that a ballot be taken for the purpose of collecting money for the society. Carried.

A case of unfair working hours was referred against Thos. Barnett & Co. The committee interviewed them.

Mr. Barnett said that Mr. Artist was in Comstock, having a great deal to do. Of some complications, matter, he asked him to take some tabular work off his hands. He did so, but not with any intention of cheating by working unfairly.

Mr. Artist also gave a similar excuse. The committee were of opinion that the two members had no intention of working unfairly, and as the rule had the effect on Mr. Artist.

A special Chapel was held in the office on Sept. 27th to fix the date for the half-yearly Chapel meeting. It was decided to postpone the Chapel for a week, though it was held.

Holidays Arrangements

Mr. Green said that the Company would take all the responsibility in arranging for the hanging up of notices for the coming holidays. He was certain that notices would have to be brought into the office. He thought it was desirable that more names such as proceeding would prevent the state being made. He moved that the Chapel resolve itself into a Committee to make arrangements for the Christmas.

Mr. Dale seconded. Carriere.

Mr. Baldwin wrote about the date copy. He thought it was unfair that such a system was carried on. He moved that the system be raised to 20 to 25 to 30 to 35. Also to secure overtime remedy the coil. The condition of a gross injustice.

Mr. Mardon seconded. Randall raised it fairly. He considered the system was responsible for what he knew for a fact was responsible. He moved for a rack to be put in long runs. He thought that the Angels should be added to the Committee in that interview with the Company.
Mr. Pearson moved as an amendment that the Committee wait on Mr. J. M. H. and the subject before introducing Mr. Bonthron.

If the Committee was unsatisfactory, then, to ascertain Mr. Bonthron's views on the subject.

Mr. Hunter seconded. Carried.

The proceedings were resumed.

The following letter was read from the Secretary of the Typographical Society dealing with the great Broken Hill strike:

Memorandum.

Adventurers' Home

Office Hours—Tuesdays and Thursdays, 5 to 8 p.m.; Saturdays, 1 to 3 p.m.

Dear Sir,

Will you kindly urge upon members in your office to respond fully to the appeal made by the Sales of Labour Committee to all Territorians to contribute one day's pay as a special donation towards the Broken Hill Strike Fund.

The funds hitherto have been devoted almost entirely to providing the necessary of life. Clothing, books, and minor articles have been arranged for by the wives of families of those on strike, and it will help to place the defence office in a position to relieve urgent cases if a good donation can be forwarded just now. If each man in regular work gives one day's pay, the sacrifice will be as nothing compared with what our Broken Hill brothers are enduring.

Yours faithfully,

F. B. Waller, Sec.
The father having read the letter because it described the earliest consideration of the Chapel, I convened a meeting for that purpose, at which it was decided to request that the members of the Committee of the Free Church and Free Church of Scotland to subscribe as liberally as possible. The appeal was very successful, as nearly the whole of the members subscribed one Mrs. Macleay to help on to succeed the great struggle for right carried on for the benefit of the cause generally by the noble band of Brodie's Hill strikers. Although funds found in the exchequer of the annuities, we have the importance to mention that the struggle for liberty was unsuccessful. An assurance received a closing blow. The Brodie Hill part-time rates were awaited a term of imprisonment for a crime of which they were entirely innocent.

A committee meeting was held on Nov. 10, 1879. To consider an application from Mr. Reith. The father said that Mr. Reith spoke them of his desire to do something on his behalf. So, it would be too offensive, unless he was able to obtain day work he would have to throw up his position. He was quite prepared to take the position of the clerk at the Free Church, but the father had spoken BDS struggling on the matter, who would be happy to allow Mr. Reith work on the condition if he performed his duties. The Committee would prefer their friend.
Number on it. The said Revd. would be very
fit for Christmas sake.

It was decided that the Committee recom-
mended the granting of three months on
the office for Rev. Mr Revich to be at the bottom of
the list in everything. It was decided that
call a meeting of the Chapels on the
following Saturday at 4.30. To render the
Revich application stick in the face of those.
This was at Revich's request.

On the Friday following a Chapel cair
was held in the office to deal with this
case.

The Father explained the case, pointing
the fact that it brought forward at the present
meeting held for that purpose.
Mr. Arnold proposed that the matter
be referred to the recommendation of the Committee.
This was carried unanimously.

On March 24th a Chapel meeting
was held in the office to consider various
subjects.
Mr. Arnold was elected a number of the
Board of the Hicks' Society, one Mr Hicks,
who had been a promoter of the pieces.
It was also decided that the Revich's
line on the definition
he submitted until
the last half yearly
Chapel meeting.
Committee meeting held on 9 Feb 1873, to consider the advisability of holding the annual Regatta. It was decided unanimously that 22 of March in the following year was appointed as a Committee to carry out the necessary arrangements.

At the meeting of the Committee on 22 March 1873, the charge of fighting in the race принял против Mr. Miller and Pearson. Mr. Pearson, who was first called, was the first to approach Mr. Miller during the evening. There was a great deal of mud. Harding, who was at the stake, afterwards suffered at Mr. Miller's horse, which had been called "halting." Mr. Miller retreating by saying he had "fainting." Mr. Miller's horse, on the ground, with his back, refused to have a blow. He would have been less than human not to have retaliated. Therefore, he returned the blow.

Mr. Miller then Mr. Pearson's horse, then a. Mr. Miller then Mr. Pearson's horse, then a blow, under which he winced under the blow. He made a violence effort on his face, he retaliated at pushing off his back, by hitting him with the edge of his horse, and cutting him with the edge of his horse. Mr. Pearson made a violent fracture attempt to stab him. But Mr. Pearson made a violent fracture attempt to stab him.

Mr. Pearson made the remarks that Pearson between the parties, during the evening, Mr. Pearson touched Mr. Miller on the forehead.
Mr. Nutter was not satisfied with such treatment; therefore, he repeated it by striking him with his watch-fob. Wherein Nutter clutched it with him, playfully, as he parted.

Mr. Nutter heard a shuffle, looking round said the two had hammered one another. Did not know who struck the first blow. Mr. Nutter heard a shuffle, back was turned, but he heard the two talking together. There was a shuffle, sweat out of the way; but rob the first blow.

Mary all the sudden did not know who struck the first blow.

Whereas said he repeated, that said a piece, I saw taking place that the watch was detached with Mr. Nutter. He said Mr. Balburne had impugned more members of the Convent, but not equal to him or any other one in the office.

Mr. Nutter struck each statement, challenged the truth of it. He was subject to more incitement when any other were in the office. That he had said those had not warranted the blow.

The Committee decided to impose a fine of 25 on the accused companion. Mc Laughlin brought a charge of unjust working against Mr. Balburne; he had one kick. Mr. Balburne was ordered on the floor; but as the clock was chiming, he lifted 7, tarde, where he came, takes the clock which. He contended that Mr. Balburne should not have lifted the latter. Mr. Balburne admitted.

If so, suppose, suppose, he stole Hairly.
Mr. Mathers, was, Mr. Pearson, was in error about the time. As he was dropping his pipe, he looked at the clock, but owing to the bad light, he was unable to actually see the time. The reason he admitted was that he thought it was earlier. He admitted that he was in error.

Third 2/6

Chapel Meeting held in the Office on March 16, 1892.

It was decided to hold the Half yearly Chapel at the Bible House, on April 1st, at 2 o'clock.

Mr. Ainger mentioned, that if the Company desire to help in any standing matter they would have to wait it, as Mr. Saffery had been complaining about the matter. He hoped the gentleman in listing anything they would use the same

The matter brought forward Mr. Quinns case. He said Mr. Quick still felt unable to resume light work. If they were unable to give him an extension of假期 he would be thankful. He gave the reasons for the grant.

Mr. Norris moved that Mr. Quick be allowed the grant to be given him when he feels fit to return to work. He also thought Mr. Quick should be allowed to continue a member of the

Mr. Arnold recorded.

Mr. Laycock moved that the block be ordered that the whole system be taken in hand by the Committee.

The Father mentioned about the unfair way in which the house proofs were conducted for I also hate that such cases had been filched.

Mr. Pearce moved "Not to help to take from the trust."

Mr. Arnold recorded. Carried.

The Motion was terminated with the usual order of thanks to the officers.
A special Chapel meeting was held in the office, to which a Committee man in the place of Mr. Burton, who had occasion to be away, due to a fall from his bicycle on Friday evening, May 3, when performing his work. Mr. Burton was unanimously elected to fill the position.

A special Chapel meeting was convened by the Rules of June 22, to announce that Mr. Jeffery had been pleased to make four extra frames, that he was pleased to announce that Mr. Bliss, Miss, Margot, Pemmott, Palestine were full pitched pandolins.

On the 1st of the Committee met to consider the charge laid against Mr. Price for striking Mr. Callas whilst in the office. The Clerk announced that he had a case of looking up and the Price struck Mr. Callas. Mr. Price also announced that he saw Mr. Price at the striking. Mr. Price then also gave corroborative evidence.

Mr. Price announced that Mr. Callas caught hold of him from behind, turning him around, then the head of the manual he slapped him across the face. He was very sorry that he had acted in such a manner, but it was in the heat of the moment, the apology to the Callas before ever he knew that he had done nothing.
After considering the circumstances of the case, the Committee decided to dismiss the information.

The Committee again met to consider the charge preferred against Mr. Batchelor for taking type off the forms without permission. Mr. Batchelor gave the lie after knocking off work, saying Mr. Batchelor taking type off the forms which he (Batchelor) was against the rule. Therefore, he voted the charge.

Mr. Hatchels also came to the desk and gave the reason for the type remaining on the forms. No one having permission to take the type.

Mr. Chang said he had received permission to take some type off the forms but not wanting all of it. Mr. Batchelor wanting to be told, he said he had some left. Mr. Hatchels said he was out of touch of type. Mr. Chang saying that he (Chang) had given permission to take some type, but having some of it left, he (Batchelor) was fairly entitled to have the remainder. The type was not of much account as because if he had not taken it, he believed that it would have been given out or sold.

The Committee decided to inflict a fine of $1, as laid down in Rule 18.

At a special meeting held in the office on December 22, it was decided, on the motion of Mr. Blake, that the half-yearly Blake meeting be held on October 21, at 2 p.m.

Mr. White seconded, but reported that Mr. Hunter said:
Mr. C. Melbourne strongly opposed such a motion. He asked if they were going wrong themselves. He was of the same level of other offices. They fell out an unnecessary to men to become mad. It would be a disgrace if such a motion were carried. They ought to be known that they were the fathers of the society. Mr. Austin offered the previous speaker. He looked upon it from a patriotic point, which was a matter one. The andoveres office had been the name of his gone county office.
After a motion on the matter, Mr. Hunter withdrew his motion.

A special Chapel was held at the Melbourne Hotel on June 13, 1894.

The Chaplain said the reason for the meeting was to consider the advisability of asking for an increased fee for "Parades." He stated the Chaplain had written that it was likely they might receive a similar demand.

Mr. Anthony asked if he was the end of the chaplain or from an entirely different view. The Chaplain said he knew the subject. Mr. Anthony was asked by the Chaplain if anything had been done, the result being a fair demand. Mr. Anthony would not object to raising the fee at the wishes to be placed on the.

Mr. Eaton said the demand was fine. Each time he pincushion was used, there he moved the Harraw. He pulled from the radiator. It was a matter of that moving. decided that a fine of £5 be inflicted.

In January 18, a Committee meeting was
held to look into the charge brought by Mr.
Harris against Mr. Book for using defamatory
language about him.
Mr. Harris stated that he wrote out the
complaint just after the event took place. He kept
the words were “what people sometimes
say in anger” or “what one could not
remember the exact words but there were
not polite ones. He thought the
affair...
would have been justifiable in interfering. He hoped it would be put down. He had previously been annoyed. The last would like to know what was to be done. His son would like to know what was to be done.

The Walker said there was no rule bearing on the case. It was usual that the mills be content. However, under the circumstances, it was not going to work.

The plans were on the backside of all the plans. The plans, in fact, for the desirable took were attached.

Mr. Kershaw made a complaint about someone interfering with his farm. There was flaxing him to some inconvenience. He thought that if his box was in the road he should have been spoken to. They would have left him. He also mentioned that some one had been down by the chapel and Mr. Parmet wrote to the Walker complaining that if Mr. Kershaw would not alms. He was adverse to removing to its original position, it would cause him great inconvenience.

The Committee decided that members of the Company were not to interfere with any property belonging to a member of the Company. What those into whose hands Mr. Kershaw should be returned.

A Chapel meeting was held on the 1st of January. The Walker was occupied in the celebration of Mr. Kershaw's birthday.
office as manager, but was decided that a return visit, which was being prepared by
the Marquis, be granted to him on the occasion of a dinner which was held in the
Melbourne Hotel, which proved very successful, at which a large number had been the
whole affair was very successful.

A Committee meeting was held to consider what the Prince would remain on the plate,
as in the previous night, or whether he should receive with the others.

The decision was given for both sides, some stating that the sick was on his Victoria,
and electing that it was after.

The decision was considered by the Committee
Robespier had as he wished of cabinet bearer. To the fact that it was before 11 o'clock that
the night, Robespier could accept him.

The Committee held a meeting to consider
the fact that the Prince gave to the C.
Melbourne after the suppression of the cabinet of
June, but was decided that the Melbourne was
not entitled to the job but as there was a
difference of opinion between the Prince for
Melbourne, it was found better to bring the
matter before the high yearly chapel meeting.

The warrants were called together during
the last week to concern the quarter of the
thrice-taken firework, but was decided that the
reason was not found it hence to restore the
last yearly meeting of the Royal Chapel.

September 6, 1896. Mr. Reading. Author.
The half yearly Chapel meeting was held at the Selborne Hotel on April 6th, 1835.

Mrs. Marshall was excused for non-attendance. Mrs. Matthews, Mrs. Price, Mr. Moore, Mr. and Mrs. Moore, and Mr. Matthews were excused for being late.

It was decided that the balance from the social fund be handed over to Mrs. Marshall, at a healthy rate of 6%, was accounted to him.

The fathers brought forward Mr. Peacock's case. The case that Mr. Peacock had been accused to lay the table, he decided he was to be.

He asked: How can I go on? Has some more type. Mr. Peacock is so. Members of the Committee object, the fathers ruled that Mr. Peacock could not go under the rule.

Mr. Peacock said: This was an innovation.

Before he could go he consulted the officers that had no objection, as he said under 12 circumstances he had better go. The minutes had done so. Therefore he had to do so. If Mr. Peacock wanted him to lift copy he would have to do so. The committee it was anything favor to the Chapel, as it was a great convenience for everyone to anyone. The Pecky, after asked him, but he told him he could not do so. As the Committee objected. Members of the Committee were allowed to go so. They received no payment, but they would have done so. The rules to rule, the minutes. The reasons of Moses, Ezra, and Moriah be asked.
There was a great silence, after which Mr. Lewis moved 1001, and it was seconded. The question was then put. Carried.

The remark that made the M. Wills, that his reason was "smoking" was withdrawn.

Mr. Law proposed, that ten o'clock go out to the Committee. Tied, Carried.

Mr. Atcheler recorded. Carried.

Long fall.

The faller said that before the action of the officers took place, he would like to make an explanation about the fact. Mr. C. Melbourne proposed. Mr. Melbourne asked him what was the rule requiring his stone to pass, taking note of the time. His stone was at the stone house, was outside the premises. He said he was of opinion that if they were at his premises, he was outside the premises, but he would refer the matter to the Committee. Mr. Melbourne said he was not for an extension of time, nor for the extension of time, but he would refer the matter to the Committee. Mr. Melbourne said if he asked for an extension of time, he would not consider the officers. He did not understand the inference. Mr. Melbourne intended to apply for an extension of time. His remarks would have made Mr. Melbourne have that consideration.

Mr. C. Melbourne concluded. Mr. Lewis stated that the matter was for the Committee, and he would refer the matter to the Committee. Mr. Atcheler recorded. Carried.

It was moved a vote of no confidence in the officer of the Chapel.

Mr. T. Atcheler recorded. Carried.

Chapel Meetings During Half-year

On the 1st of April a Chapel Meeting was held in the office to elect two members to full membership in the Board of Management of the Typographical Society, one being caused by the death of an ex-office member when elected, and the other by Mr. Keen declining to remain any longer on the Board. Messrs. Dewey and Arnold were unanimously elected. At this meeting the President mentioned that the Manager had spoken to him with reference to old style getting mixed with the new and what matters when...
The men were very eager to throw it out.

On the 9th day the chapel granted its patronage to the Adventist Brethren Club Union.

On September 19 a chapel meeting was held to fix the time and place for holding the half-yearly chapel. On the motion of Mr. Bax, it was decided that the meeting be postponed from its usual date (first Saturday in October), and that it be left in the hands of the committee to arrange for holding it on a Monday afternoon. The committee subsequently decided to hold it on Monday, October 7, at the Belvoir Hotel, at 6 o'clock.

On September 28 the chapel was called together to consider an application from Mr. W. Jones to be put in the grill list on the same terms as Mr. Gurney. The minister stated that he was opposed to the idea on the subject, and the motion that he told Mr. Jones that he would have no objection to his name being in the office of the chapel card to put him in, but he would not inquire the grill list himself. On the motion of Mr. Gurney, it was decided by 14 to 13 that the list be not inserted.

On October 2 the chapel granted Mr. Davies a furlough's day, which was due to his recent illness.

On the 30th April a committee meeting was held to consider an application from Mr. Bennett to be placed on the committee list. It was decided that Mr. Bennett was very anxious to be there, and would be especially on Thursday nights, that his application be not entertained. This ruling to apply to Mr. Bennett, who is also engaged on Thursday nights.

On May 26 a committee meeting was held to hear a charge laid by the Marquis against Mr. Brinkworth of using threatening language towards him. Mr. Brinkworth denied many of the marquis's complaints of Mr. Marquis. He stated that he was being continually annoyed by certain
member, and laid a charge against Mr. Margaret of making an untrue statement by saying she used the words complained of to him. He also laid a charge against Mr. Snow of continually annoying him. The charges against Messrs. Margaret and Snow were dismissed. It was decided in the Barlow case, after considering the circumstances, not to fine or remove him, but to point out to him that in future when he had grievances to claim the attention of the officer in charge, a notice to that effect was ordered to be put round the frames:

"That any member annoying another after being asked to by the officer in charge to be at once fined the full amount (2s.)"

On September 19 a meeting of the committee was held when it was decided that a levy of two shillings be struck.

W. S. Pearson
Father
The ordinary half-yearly meeting of the Chapel was held at the Tivoli Hotel on Monday, October 7, 1845. The vote was passed 34 for vision about, 14 against. The motion, however, was considered satisfactory and was seconded. Messrs Harvey, Young, Watkins, Per, Lewis, and White, Mr. W. Wood, Mr. Mortimer, and Mr. Wood were also seconded. The motion passed, and a vote was taken on the approval of the books, which were also passed. After the minutes and balance sheet for the holy week had been read and adopted, the money raised and spent were recorded. The question was then asked, "What is the desirability to reduce the chapel expenses, by making the position of Father an honorary one?" Resolved that the election of officers be held. The election of officers was held and proceeded, with the following result: Father, Mr. W. Pearson (re-elected); Clerk, Mr. F. Hunter (re-elected); Committee: Messrs. Farrow, Batchelor, Batty, and Baldwyn (all re-elected); Board of Directors: Messrs. Harvey, Batchelor, Mr. W. Pearson, and Smith. After a discussion, the meeting adjourned against five of the 46 for leaving the office without providing for the carrying out of any plans. Principals, Mr. Perrin appealed against five of the 46 for leaving the office due to illness. Mr. Perrin's appeal was considered satisfactory and the fine returned. Mr. Goddard appealed against five of the 46 for entering the office during prohibited hours. On Mr. Goddard's address, Mr. Batchelor stated his case, which was considered satisfactory and fine returned. Resolution: Mr. J. Maxwel seconded. "That the decision of the chapel re-extension of grass list be rescinded," Mr. J. W. Pearson seconded. "That the motion of the meeting on the issue of the 46 be rescinded," Mr. W. Lagarde was accepted as an amendment. A letter was received from the Secretary of the S.A. Historical Society asking for an expression of opinion as to the best means of celebrating the 50th anniversary of the society. On the motion of Mr. J. W.
Melbourne, seconded by Mr. Adolph, it was decided to leave the matter entirely in the hands of the committee appointed to carry it out. An application from Mr. Smith for an increase of £1 a month per member for the next six months for dining-hall use went on, as well as the mine hoists. The display was much needed assistance to Unemployed.

The Father reported that during the half-year assistance had been given to three unemployed carpenters, and passages had been obtained for them to leave the colony, two going to Victoria and one to West Australia. A balance of £340 still remained in hand. Mr. Thomas moved for the suspension of the standing order to consider the 75 per cent. reductions. Carried. Mr. Thomas moved, and Mr. Marquet seconded—"That we ask the Father to suspend the 75 per cent. reduction." Several members thought the matter was of such importance, and the time was so short to discuss it, that several members being prevented from attending the Chapel that day through sickness or the progress of their work, it would be far better to consider it at a special Chapel. Mr. Thomas then moved, and Mr. Marquet seconded—"That a special chapel meeting be held at the Selborne Hotel on Saturday, October 12, to consider the 75 per cent. reduction." Carried.

A vote of thanks to the officers terminated the meeting.

Special Chapel Meeting.

A special chapel meeting was held at the Selborne Hotel on Saturday, October 12, to discuss an alteration by Mr. Thomas with reference to the 75 per cent. reduction. Messrs. Venner, Adolph, Smith, James, and Berryman were fined 46 each for non-attendance; Mr. Henshaw was excused on account of sickness.

Mr. Henshedge asked that before proceeding with...
The business that the minutes of the half-yearly chapel be read, as though no fault of their own many of them had been prevented from attending. The request being out of order was not granted.

Mr. Thomas then moved—"That a committee be appointed to wait on Mr. Brython with a view of obtaining our former rate of wages, and that the committee appointed have a fair hand in the way they approach them," he thought the time very opportune and had been led to believe that we had only to ask for it and we would get it.

Mr. Hare said that he held the key to the situation. The reporters had got an increase roughly because they had to work longer hours through reporting for "Harvard." He took a great interest in the office and thought the chapel would be making a mistake if they asked for the reduction to be returned. He thought on account of the long hours now being worked good wages could be made, and they should be satisfied.

Mr. Barry supported Mr. Thomas's motion, and thought it was time Mr. Brython was approached. Mr. Barrett supported the motion. He did not think the whole of the reduction would be returned, but thought now that employers all round were benefiting by the increase in business Mr. Brython might consider the request favourably.

Mr. Wible moved as an amendment—"That the chapel seeks to remove the 10 per cent. reduction from the pay sheet."

Mr. Martin seconded.

Mr. Hare agreed with Mr. Wible's amendment. On the question direct he opposed it. He had heard that it had nearly to be asked for and it would be given. He did not believe it and stated his intention of voting against it.

Mr. Towers also opposed. He was one of the members that waited on Mr. Brython at the time of the
reduction when he stated that he (Mr. Doughton) was sorry to make the reduction, but he was compelled to do it in consideration of the wages fixing. Mr. Fowler thought it was useless to ask for it at present, as the trade all along the line was in a bad state.

Mr. New and Mr. Kent spoke in favor of the request, saying:

Mr. Thorne said he mainly supported the motion, and thought the Wesleyan should not hesitate to act on it. Mr. Doughton said, in order to have the long hours being reduced, a number of the men had been laid off, and that the pay-roll was not in keeping with the number of hours worked. Mr. White thought with all due respect to the mover of the motion, but it was foolish to attempt such a thing at present, as long as the Wesleyan continued the reduction he did not think we would have our return.

Mr. Willis was sorry the matter had been brought up at all. He thought Mr. Thomas had acted injudiciously in bringing the matter forward. He did not agree with Mr. Reen though about the long hours being reduced, as he thought the long hours worked many of them must suffer through it, which could reduce their wages considerably.

Mr. Willis's amendment was here put and carried by 17 to 12. Mr. Reen moved as amendment to the "But the matter be adjourned till next half yearly meeting."

Mr. John Beaton seconded.

Mr. Henderson strongly opposed the amendment. He looked as if he wanted the reduction back and was frightened to ask for it.

Mr. Jones thought it was unfair to make that request. Because they did not agree with Mr. Henderson's ideas, it was very to bend them as comrades. He voted as he thought proper, and feared no one.

Mr. Staines's amendment was lost.
Mr. Miller's motion on being put was declared carried by 17 to 17.

Mr. Marquet moved that a petition be drawn up and sent on to Mr. Baylou asking him to meet the committee. Post. A remark "He will then know his men," made by Mr. Marquet was objected to by Mr. Baylou, and at the request of the Father de Marquet withdrew the words.

Mr. C. Melbourne moved that the committee wait on Mr. Baylou and acquaint him with the decision of the Chapel. Carried.

The meeting then adjourned.

An answer to a letter sent to Mr. Baylou asking him to declare the committee as a deputation, the following was received:

The Advertiser Office,

ADELAIDE.

16th October, 1896.

My dear Sir,

Under ordinary circumstances it would give me great pleasure to receive a deputation from the Officers of the Chapel, but in the present case I cannot see that any good purpose will be served. No newspaper office in Australasia pays more for composition than "The Advertiser" does, and many pay much less. My decision after consideration is that I cannot receive a deputation.

I am, my dear Sir,

Yours faithfully,

I. Augustin Baylou.

The Clerk of the Chapel.
On March 26 a special meeting was held in the office to fix the place and time for holding the half-yearly meeting. It was decided by 22 to 12 on the motion of Mr. Wells, seconded by Mr. White, to hold it at the Trades Hall at 2 o'clock on Saturday, April 2. Subsequently a petition was presented to the Father by a majority of the companionship asking that the meeting be held at 1 o'clock, which was granted.

Committee Meetings.

On October 21 the committee met to consider an objection raised by Mr. J. Melbourne against a long hat going back to Mr. Wells. As it was an oversight on the part of the officer in charge and Mr. Wells came into the office within the prescribed time the objection was dismissed.

On December 2 the committee met to consider the following case ofcharging!—Mr. Smith in counting one might come across a take ending a treat which should have been made even. Mr. Phillips followed this take, and Mr. Smith asked him if he had told the owner of the take to make a book. Mr. Phillips said he had, and then Mr. Phillips charged him the minutes, against which Mr. Phillips appealed. The committee decided that the minutes be remitted, as a correction should charge the minutes to the takers marked, and leave the rest to the person taking them.
On December 16 the committee met to hear the following: One night when Mr. Bates was completing the cloth (Mr. Pearson) came across one of his

takes which he considered overcharged, and after

Mr. Bates to take a minute off, but Mr. Bates declined. Mr. Pearson then appealed to the clerk

who ruled that it was overcharged, and asked

Mr. Bates if he intended to take the minute

off to which he replied “No.” He was fined 50

dollars, and as an appeal to the committee to remove

the minute was made. The committee upheld

the fine and removed the minute.

On January 13 the committee met to decide

the best means of giving out a new advertisement set in the jobbing office and first

appearing in the press. It was decided that

all the Express hand get a long half

(85 lines), and the remainder go out to the

night hands. The managing printer highly approved

of it going out in that manner.

On January 30 the committee decided

that, as Messrs. Hadland and Roland were just

on finishing their apprenticeship and were

to be first frame. The frames be removed

from 16 frame and two frames originally used

for head case be included.

On March 18 the committee were appealed

to by Mr. Bany with reference to some

pitch that had been put under his

frame, and which it was ruled he should close.

The committee decided that it be put
back on the relief board. It was decided that a job of one shilling be struck to defray expenses. The father explained that there was a small amount left from Ill. Grayman's dock (10), and it was decided that it be added to the unemployed fund.
