The College does not propose to offer facilities for Science work beyond the first year. Courses are arranged in certain subjects if a sufficient number of students enter for lectures.

The fees depend upon the nature of the subjects taken.

PART II—SCHOOL OF DIPLOMATIC STUDIES.

1. Introduction.—The course of Diplomatic Studies is an integrated full time course extending over two years, with only one formal examination on the whole course, at the end of the second year.

The course will occupy the whole time of a student. It will be generally a course of reading and exercises, assisted by lectures and tutorials. The attendance required of students at lectures and tutorials will be about nine hours a week. The times in general will be between the hours of 9.30 a.m. and 5.30 p.m. In some subjects the classes will be divided for tutorial purposes. In the first year of the course lectures will continue throughout the fourth term.

2. Admission to the Course.—The course commencing in 1945 is intended for the training of persons who have been appointed as diplomatic cadets to the Department of External Affairs. It will, therefore, be directed specifically to their needs. Applications will be received from students, other than diplomatic cadets, who wish to attend the course. Applicants must affirm their ability and willingness to attend classes regularly and do the prescribed study out of teaching hours. They must also submit evidence which will satisfy the Council of their capacity to profit by the course, which is partly in the nature of a postgraduate course. The minimum qualification may be taken to be a good record in First Year work at a University or the equivalent.

3. Subjects.—The subjects of the course are:—
   i. Australian History.
   ii. Economics.
   iii. Introduction to the History and Political Thought of the Western World.
   iv. History of the Western World since 1815.
   v. Pacific Studies.
   vi. Political Organization and International Relations.

NOTE.—Further particulars are given in the Details of Subjects.

4. Lectures.—Attendance at lectures, tutorials, seminars, and discussions will be compulsory. A candidate will be required to submit exercises and essays and to perform such work under direction as may be required or prescribed. Work done during the course will be taken into account at the final examination.

The provisions in the Details of Subjects as to the number of lectures, tutorials, etc., are included for general guidance only, and may be modified without notice if the necessity arises.

5. Vacation Reading.—Students are expected to use a considerable part of their vacations for reading purposes. The lecturers concerned should be consulted.

6: Single Subjects.—The teaching in the different subjects is so inter-related that a single part cannot in general be taken satisfactorily by itself. Nevertheless, applications to take separate parts of the course may be approved if a special case can be made for consideration.
7. **Certificate.**—A candidate who passes the examination may be entitled to a certificate of passing, in the prescribed form.

**Fees Payable.**

SCHOLARSHIPS, BURSARIES, AND PRIZES

(i) The Canberra Scholarships.
(ii) Bursaries.
(iii) The John Deans Prize.
(iv) The Lady Isaacs Prizes.
(v) The Robert Ewing Prize.
(vi) The Robert Tillyard Memorial Medal.

Note.—In 1929, prior to the establishment of the Canberra University College, the Federal Capital Commission was empowered by the then Cabinet to award two bursaries of the value of £120 each to students attending schools of Canberra who were eligible to enter a University.

Before an award had been made, however, the Council was appointed. In view of the fact that under paragraph (c) of section 4 of the Canberra University College Ordinance 1929-1940 it is one of the functions of the College to administer, subject to the directions of the Minister, any scholarship or bursary scheme established by the Commonwealth, the Commission suggested to the Minister that it would be preferable for the Council at the outset to suggest a definite basis for the holding of the bursaries. In this suggestion the Minister concurred.

Early in 1930, the Council submitted a scheme for the award of scholarships only. The Minister approved of the scheme, which set out the conditions of the award of scholarships, and in accordance with that scheme the “Canberra Scholarships” have from time to time been awarded. The conditions may be found on pages 22-24 of the College Calendar for 1935.

During 1935 the Council considered that the conditions under which the scholarships were awarded should be amended in certain respects and a new set of rules was drawn up. The Minister approved of the award of scholarships in accordance with the new rules, which are set out hereunder.

(i) THE CANBERRA SCHOLARSHIPS.

Scholarship Rules.

1. These Rules may be cited as the Scholarship Rules.

2. These Rules shall come into operation on the first day of January, 1936, and shall apply to the award, renewal, or restoration of all scholarships awarded, renewed, or restored by the Council after that date, and in respect of all scholarships so awarded, renewed, or restored.

3. In these Rules—

“approved course” means, in the case of any scholar, the course approved by the Council as the course of study for that scholar in respect of a year, being a course of study which will entitle the scholar to complete a year in his degree course in cases where separate years are specified in the curriculum of the University of which the scholar is a student, or, in cases where a subdivision into years is not made by that University, such subjects as the Council thinks reasonable for one
year, but does not include any additional subjects in which the student is studying with the consent of the Council;

"deferred examination" means a deferred or supplementary examination for which a scholar is required to sit in order to complete his approved course;

"Leaving-Certificate Examination" means—
(a) in the case of the Territory for the Seat of Government, New South Wales, South Australia, Western Australia, and Tasmania, the Leaving Certificate Examination;
(b) in the case of Victoria, the School Leaving Examination; and
(c) in the case of Queensland, the Senior Public Examination;

"obtains honours" means—
(a) in a year in which, by the Regulations governing the University course, honours or their equivalent may be awarded—obtains honours, distinction, or credit; and
(b) in a year in which, by those Regulations, honours or their equivalent may not be awarded—obtains and furnishes to the Council a certificate from a competent University authority to the effect that the scholar has, in that year, shown merit above the average;

"the College" means the Canberra University College;
"the Council" means the Council of the College.

4. Scholarships to a number not exceeding six in any year may be awarded by the Council:

Provided that, where, in any year, the full number of scholarships is not awarded, the Council may, at its discretion, in any other year, award scholarships to a number not exceeding seven.

5. The following students shall be eligible for the award of scholarships:

(a) students educated at Canberra schools; and
(b) students, the children of Canberra residents, who have been educated at other schools, if the Council is satisfied that, under the special circumstances of the case, it was reasonable that they should be educated at those other schools.

6.—(1.) The award of scholarships for each year shall be made on the results of the Leaving Certificate Examination of the previous year.

(2.) The Council shall from time to time, by public notification, invite applications for the grant of scholarships.

7. An applicant shall not be eligible for an award of a scholarship—
(a) if he is more than nineteen years of age on the first day of January next following the date of the Leaving Certificate Examination upon the results of which his application is made;
(b) if the Council is not satisfied that he has attained a sufficiently high standard;

(c) unless he proposes to enter upon a University course approved by the Council; and

(d) unless he is qualified for admission to that University course.

8.—(1.) Subject to the next succeeding sub-rule, scholarships shall be tenable at any Australian University or at the College.

(1A.) Where—

(a) a scholar has qualified for admission to a degree in the University course approved by the Council;

(b) the scholar has, in the opinion of the Council, shown exceptional brilliance in that course; and

(c) the appropriate authority of the University at which the scholar has so qualified recommends that he proceed overseas for the purpose of engaging in research or special studies in respect of which that authority satisfies the Council that adequate facilities are not available in the Commonwealth,

the Council may permit the scholarship to be held at an overseas University approved by the Council, and, in that case, the scholar shall engage in such research or special studies at that University as the Council approves.

(2.) The scholar shall enter upon the enjoyment of his scholarship forthwith, and shall continuously pursue the University course approved by the Council:

Provided that in exceptional circumstances the Council may, from time to time, for reasons it considers sufficient and subject to such conditions (if any) as it thinks fit, defer or suspend the enjoyment of the scholarship for a period of one year.

(3.) In the event of the non-fulfilment by the scholar of any conditions imposed by the Council in pursuance of the proviso to the last preceding sub-rule, the Council may revoke the award of, or terminate, the scholarship.

9.—(1.) The amount of each scholarship shall in each year be such amount as is fixed for that year by the Council but not exceeding One hundred and twenty pounds:

Provided that—

(a) if the Council is satisfied that the course of study which the student desires to follow is adequately provided for at the College; or

(b) if the student elects to attend lectures at the College, the amount of the scholarship shall in each year be such amount as is fixed for that year by the Council but not exceeding Forty pounds.

(2.) In fixing the amount of any scholarship for any year the Council may have regard to, among other questions, the question whether the scholar will, during the academic year, reside at a University College, in lodgings, or at home, and may fix the amount subject to such conditions as to residence as the Council thinks fit.
10.—(1.) The amount of a scholarship for any year shall, subject to this rule, be payable in three equal instalments at or after the commencement of the first, second, and third terms respectively.

(2.) Notwithstanding the provisions of rule 9 of these Rules and of the last preceding sub-rule, where the approved course of a scholar in respect of any year is such that if it is completed the scholar will have qualified for admission to a degree in the course approved by the Council, or, where more than one course has been approved by the Council, in the last of those courses, the amount of the scholarship for that year shall be payable in four equal instalments, the first three of which shall be payable at or after the commencement of the first, second, and third terms respectively, and the fourth of which shall, subject to the next succeeding sub-rule, be payable after the scholar's examination results for that year have been published.

(3.) If—

(a) the scholar is required to sit for a deferred examination in order to complete his approved course; or

(b) in the case of a scholar at an Australian University, he fails to obtain honours in some subject of his approved course,

payment of the fourth instalment shall be withheld unless—

(c) in the case of a scholar at an Australian University who has been required to sit for a deferred examination in not more than one subject in order to complete his approved course—the Council is satisfied that the scholar has shown outstanding merit in one or more subjects of his approved course and the scholar has passed at that deferred examination;

(d) in the case of a scholar at the College who has been required to sit for a deferred examination in not more than one subject in order to complete his approved course—the Council is satisfied that the necessity for the deferred examination was due to very special circumstances entirely beyond the control of the scholar and the scholar has passed at that deferred examination; or

(e) in the case of a scholar to whom paragraph (b) of this sub-rule applies—the Council is satisfied that that failure was due to very special circumstances entirely beyond the control of the scholar.

(4.) Where a scholarship is held at an overseas University, the amount of the scholarship for each year shall be paid at such times and in such instalments as the Council determines.

11.—(1.) Subject to this rule, a scholarship may, on the application of the scholar, be renewed from year to year, but so that the total period covered by the scholarship shall not exceed six years or, where the Council does not permit the scholarship to be held at an overseas University, the period fixed by the University as the minimum period of study for the University course or courses approved by the Council (whichever of those periods is the shorter).
Sub-rule (2.) 
amended, 
4.3.37.

(2.) Subject to sub-rule (4.) of this rule, where in any year a scholar at an Australian University—

(a) fails to obtain honours in at least one subject of his approved course;

(b) fails to complete his approved course; or

(c) is required to sit for a deferred examination in order to complete his approved course,

the Council shall terminate the scholarship, unless—

(d) in the case of a scholar to whom paragraph (a) of this rule applies—the Council is satisfied that that failure was due to very special circumstances entirely beyond the control of the scholar; and

(e) in the case of a scholar who has been required to sit for a deferred examination in not more than one subject in order to complete his approved course—the Council is satisfied that the scholar has shown outstanding merit in one or more subjects of his approved course and the scholar has passed at that deferred examination.

Sub-rule (3.) 
amended, 
1.3.37.

(3.) Subject to sub-rule (4.) of this rule, where in any year a scholar at the College—

(a) fails to complete his approved course; or

(b) is required to sit for a deferred examination in order to complete his approved course,

the Council shall terminate the scholarship unless, in the case of a scholar who has been required to sit for a deferred examination in not more than one subject in order to complete his approved course, the Council is satisfied that the necessity for the deferred examination was due to very special circumstances entirely beyond the control of the scholar, and the scholar has passed at that deferred examination.

Sub-rule (4.) 
added, 
4.3.37.

(4.) Where the Council permits a scholarship to be held at an overseas University, the Council may terminate the scholarship if it is not satisfied with the progress made by the scholar in the research or special studies approved by the Council.

11A.—Notwithstanding anything in these Rules, the Council may, in its discretion, defer or suspend for any period, renew, restore, or make any determination in respect to, any scholarship awarded, whether before or after the commencement of this Rule, to a scholar who is serving or is about to serve or has served in the Naval, Military or Air Forces, or in any service in relation to war.

12.—(1.) Where, on the completion of the first year of a scholar's University course, the Council has terminated the scholarship, and the student, in the next year of his University course—

(a) has, in the opinion of the Council, shown outstanding merit; and

(b) has not been required to sit for a deferred examination, the Council may restore the scholarship, and any scholarship so restored shall be subject to these Rules.
(2.) Where on completion of any year of a scholar's University course after the first year, a scholar at an Australian University or at the College has failed to comply with the requirements of sub-rule (2.) or (3.) respectively of rule 11 of these Rules, and the Council has, after the date of the commencement of this sub-rule, terminated his scholarship, and the scholar in any subsequent year of his University course—

(a) has, in the opinion of the Council, shown outstanding merit; and

(b) has not been required to sit for a deferred examination, the Council may restore the scholarship if it is of the opinion—

(c) that that failure was due to circumstances entirely beyond the control of the scholar; and

(d) that, in all the circumstances, the work of the scholar subsequent to the termination has been satisfactory, and any scholarship so restored shall be subject to these Rules.

13. An application for the award of a scholarship shall state—

(a) the date of birth of the applicant;

(b) the results obtained by him at the Leaving Certificate Examination;

(c) the University or College at which the applicant proposes to study;

(d) the degree or degrees for which he proposes to study; and

(e) where he proposes to reside during the academic year, and shall be accompanied by a certificate from the headmaster or headmistress of the school attended by the applicant stating whether the applicant's work and conduct during the past year were satisfactory.

14. An application for the renewal of a scholarship shall be accompanied by a certificate from the proper authority at the University or College stating—

(a) the results obtained by the scholar at the annual or regular examination (if any) in each of the subjects constituting his approved course;

(b) whether the scholar is entitled to proceed to his next year at the University or College, and, if so, whether he is so entitled without having been required to pass any deferred examinations; and

(c) whether his work and conduct during the past year have been satisfactory, and shall contain a statement as to where the scholar proposes to reside during the academic year.

15. An application for the restoration of a scholarship shall contain a full statement of all the relevant facts and shall be accompanied by a certificate from the proper authority at the University or College stating—

(a) the results obtained by the student at the annual or regular examinations (if any) in each of the subjects for which he sat;
Supply of further information.

Scholars to devote full time to approved course.

Added, 7.6.40.

Sub-rule (2.) added, 15.9.42.

(b) whether the student is entitled to proceed to his next year at the University or College, and, if so, whether he is so entitled without having been required to pass any deferred examination;

c) whether his work and conduct during the past year have been satisfactory; and

d) whether, in the opinion of the proper authority, he has shown outstanding merit,

and shall contain a statement as to where the student proposes to reside during the academic year.

16. An applicant for the award, renewal, or restoration of a scholarship shall furnish to the Council such other information as the Council requires for its guidance in considering his application.

17.-(1.) A scholar shall devote his full time to the work of his approved course, and shall not, without the permission of the Council, occupy any salaried position or undertake any employment for payment during the tenure of his scholarship.

(2.) In the event of any breach of this Rule by a scholar, the Council may terminate the scholarship, and may recover in any court of competent jurisdiction any amount paid to him in respect of the scholarship for any period subsequent to the breach.

(ii) BURSARIES.

Bursary Rules.

1. These Rules may be cited as the Bursary Rules.

2. In these Rules "the Council" means the Council of the Canberra University College.

3. The Council may award annually not more than two bursaries except in any year in which the full number of Canberra Scholarships is not awarded, when an additional bursary may be awarded.

4. The amount of each bursary shall be Thirty pounds.

5. Bursaries shall be tenable at the Canberra University College only.

6. An applicant shall not be eligible for a bursary if the total income of his parents or guardians exceeds a quota of Eighty pounds per annum for each member of the family including, for the purposes of the quota, the parents or guardians, but excluding, for that purpose, children earning a wage of fifteen shillings or more per week:

Provided that this rule shall not affect any applicant whose parents' or guardians' income is less than Three hundred pounds per annum.

7. Applicants who—
   (a) have been educated at Canberra schools; or
   (b) are the children of Canberra residents and who have been educated at schools other than in Canberra, if the Council is satisfied that, under the special circumstances of the case it was reasonable that they should have been educated at those other schools,

shall be eligible from the point of view of residence.

8. The award of bursaries shall be made on the results of the Leaving Certificate Examination, but no award shall be made in the case of any applicant unless the Council is satisfied that the applicant has attained a sufficiently high standard and that he is eligible for and proposes to enter upon a course approved by the Council.

9. An applicant shall not be more than nineteen years of age on the first day of January next following the date of the Leaving Certificate Examination on the results of which the award of bursaries is made.

10. In exceptional circumstances, the Council may, for reasons it considers sufficient, defer or suspend the enjoyment of a bursary for a period of one year.

11. Subject to the next paragraph, the bursaries shall be tenable for a period sufficient to enable the bursar to complete an approved course, or approved courses.

A bursar may continue to hold the bursary on condition that he be of good conduct in matters of discipline and otherwise, and that he pass all the prescribed qualifying examinations of the course or courses approved.
If a bursar fails to pass any qualifying examination or otherwise to comply with the conditions upon which his bursary was granted, he shall forfeit his bursary, unless, in the opinion of the Council, the failure is due to illness or special circumstances.

Notwithstanding anything contained in these Rules, the Council may, in its discretion, make such determinations as it thinks fit, in respect of any bursary, if it is satisfied that any failure on the part of the bursar to comply with any requirement of these Rules is due to his service in the Naval, Military, or Air Forces or to any services in relation to war.

Applications.

12. An application shall be lodged on the proper form not later than the date fixed by the Council, and shall be accompanied by a statutory declaration covering the information set out in the application.

(iii) THE JOHN DEANS PRIZE.

Rules for the award of the John Deans Prize were made by the Council during 1931. These rules were revoked by the Council during 1943 and the following made in their stead:—

RULES FOR THE AWARD OF THE JOHN DEANS PRIZE.

Whereas John Deans, Esquire, formerly builder and contractor of Canberra in the Australian Capital Territory (hereinafter referred to as "the Founder") did establish a fund for the purpose of providing a prize to be awarded to the most successful Leaving Certificate student of a school in the Territory who intends to proceed to a University:

And whereas the Founder requested the Council of the Canberra University College to control the Fund and to regulate the conditions of the award of the prize:

And whereas the Council has accepted control of the Fund, which now consists of the sum of Seventy pounds fourteen shillings and has agreed to regulate the conditions of the award of the prize:

And whereas the Council, with the approval of the Founder, has determined that the prize shall be awarded to the student of a school in the Territory who obtains the highest marks in the English paper or papers set at the Leaving Certificate Examination instead of the most successful Leaving Certificate student of a school in the Territory who intends to proceed to a University:

Now therefore the Council of the Canberra University College hereby makes the following Rules:—

1. These Rules may be cited as the John Deans Prize Rules.

2. The John Deans Prize Rules made by the Council on the sixth day of February, 1931, are revoked.

3. In these Rules—
   "the Council" means the Council of the Canberra University College;
   "the Fund" means the sum of Seventy pounds fourteen shillings, the control of which has been accepted by the Council for the purposes of the award of the prize, and includes any additional sum forming part of the Fund;
   "the prize" means the John Deans Prize referred to in rule 4 of these Rules.

4. The Council may, in its discretion, award annually a prize, to be known as the John Deans Prize, of a value not exceeding the annual income of the Fund, to the student of a school in the Australian Capital Territory who, on the report of the examiners, obtains the highest marks in the English paper or papers at the Leaving Certificate Examination.

5. An applicant for the award of the prize shall—
   (a) have passed the Leaving Certificate Examination as a student of a school in the Australian Capital Territory; and
Applications.

(b) be not more than nineteen years of age on the first day of January next following the date of the Leaving Certificate Examination.

Applications.

6.—(1.) Every application for the award of the prize shall be forwarded to the Secretary to the Council before the date fixed in that behalf by the Council.

(2.) The application shall set out the results of the applicant at the Leaving Certificate Examination and shall be accompanied by the certificate of the Headmaster of the school or college last attended by the applicant to the effect that, in the belief of the Headmaster, the applicant is eligible for the award of the prize.

(3.) The Council may require the applicant to furnish such additional information as it thinks fit.

7. Where, in any year, the results of the applicants are not, in the opinion of the Council, sufficiently satisfactory to merit the award of the prize, the prize shall not be awarded during that year.

THE JOHN DEANS PRIZE-WINNERS.

The following award has been made since the publication of the Calendar for 1940:

(iv) THE LADY ISAACS PRIZES.

RULES FOR THE AWARD OF THE LADY ISAACS PRIZES.

Whereas the Federal Capital Territory Citizens Association did establish a fund for the purpose of making a presentation to the Right Honorable Sir Isaacs Alfred Isaacs, G.C.B., G.C.M.G. and Lady Isaacs upon their departure from Canberra at the completion of the term of office of the said Sir Isaac Alfred Isaacs, as Governor-General in and over the Commonwealth of Australia.

And whereas portion only of the said fund was expended upon the said presentation:

And whereas the said Sir Isaac Alfred Isaacs and Lady Isaacs did request that the balance of the said fund be invested for the purpose of providing annually a prize for the best essay composed by a schoolgirl, and a prize for the best essay composed by a schoolboy, of the Territory for the Seat of Government on the subject “Australia and its Future” and that the said prizes should be known as the Lady Isaacs Prizes:

And whereas the said Association has requested the Council of the Canberra University College to accept control of and manage the said fund and regulate the conditions of award of the said prizes:

And whereas the said Council has accepted control of the said fund consisting of the sum of One hundred and nine pounds:

   (2.) Each entrant shall be permitted to use, while writing the essay, such notes (if any) as the Council approves.

And whereas the said Council has accepted control of the said Fund consisting of the sum of Two hundred pounds and has agreed to manage the same:

   (2.) If the applicant to whom (but for this sub-rule) the prize would be awarded, would also be entitled to some other prize awarded by the Council upon the results of the same Leaving Certificate Examination, that applicant shall not be entitled to receive both prizes; but shall be entitled to elect which prize he shall be awarded.

   (3.) In the event of the applicant electing to be awarded some prize other than the Robert Ewing Prize, the Council may award the Robert Ewing Prize to the applicant who, in the opinion of the Council, obtains the next most satisfactory results.

(2.) The application shall set out the results of the applicant at the Leaving Certificate examination and shall be accompanied by the certificate of the headmaster of the school or college at which the applicant last attended, to the effect that, in the belief of the headmaster, the applicant is eligible for the award of the prize.

6.—(1.) The Council shall not award the prize to any applicant whose results are not, in the opinion of the Council, sufficiently satisfactory to justify the award of the prize.

(2.) Where in any year the prize is not awarded, the annual income available for the award of the prize in that year shall be added to the capital of the fund.

7. The prize shall consist of books approved by the Council or apparatus which the Council considers would be of assistance to the student in the furtherance of any studies in any career proposed to be followed by him.

Students should consult the Registrar with regard to these certificates.

Communications.—A student should not address any communication regarding his course or examination to any official or member of the teaching staff or examiner of the University except through the Registrar.

Discipline.—The Council reserves the right to refuse to admit any student to lectures for such period as it thinks fit in case of proved misconduct or a serious breach of discipline. No part of any lecture fee will be returned to any student who has been refused admission before the completion of a term. The full-time lecturers have been empowered by the Council to maintain discipline on the whole of the College premises.

Effect of War on Courses.—Students accepted for enrolment at the College in 1945 should understand clearly that the present state of national emergency may result in their being required to suspend their studies at any stage and to undertake work in more direct furtherance of the war effort. The maintenance of teaching in any subject and adherence to the published time-table of lectures must be regarded as subject to the continued availability of the necessary staff and equipment and to other emergency conditions which may require modifications of which little notice will be possible.
The Professorial Board of the University has announced that it will make special arrangements at the end of the war to expedite the completion of students' courses interrupted by war service. Any such exemption will, however, not be made on enlistment but only at the conclusion of war service, although students who enlist in the later stages of the year may apply for special examinations in their subjects before the annual examinations take place.

Examinations.—The Annual Examinations for 1945 will commence on 5th November.

These examinations will be held in Canberra on the days and at the hours fixed for subjects at the examinations held in Melbourne.

A student who does not enter for the Annual Examination of the University through the College is required to pay a fee of Ten shillings and sixpence in respect of the Examination, in addition to the fees payable by him to the University.

For examinations other than the Annual and Supplementary Examinations of the University of Melbourne supervision fees are payable in accordance with a prescribed scale. Particulars may be obtained from the Registrar.

Fees.—The fees for the respective courses and subjects are set out elsewhere in the Calendar.

In addition to any examination fee payable, the full lecture fees are payable before examination whether or not a student attends lectures.

Fees for lectures are payable in advance, on or before the dates for payment shown in the Table of Principal Dates, in three equal instalments. All other fees are payable in advance, in full.

Where lecture fees are not paid by the due date, a late fee may be imposed as under:

<table>
<thead>
<tr>
<th>s.</th>
<th>d.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Where fees are paid on or before the date of commencement of term, per subject</td>
<td>5 0</td>
</tr>
<tr>
<td>Where fees are paid after that date, per subject</td>
<td>10 0</td>
</tr>
</tbody>
</table>

A student who has not paid his fees by the date of commencement of term will be excluded from lectures. The Registrar has power to remit any late fee for good cause shown, and to grant an extension of time for payment of fees, without the imposition of a late fee, on application made to him before the due date.

Any student dissatisfied with any decision of the Registrar relating to the payment of fees may appeal to the Council, but the fees must, notwithstanding the appeal, be paid, and will be refunded if the Council's decision is in the student's favour.

Free Places at the College.—In order to afford an opportunity to officers stationed in Canberra to proceed with a University Course, the Government in July, 1930, approved of a scheme whereby half of the fees of six officers to be selected annually would be paid by the Government, the College being prepared to admit such students at half rates. The grant of a free place is subject to the fulfilment of conditions notified in the Commonwealth Gazette.
Lectures.—Attendance at lectures at the College is not compulsory, except where expressly provided for, as in the Commerce course and in the School of Diplomatic Studies.

The lecturers will call the roll at the commencement of each lecture. A student who is not in attendance at the commencement of a lecture may, on application to the Lecturer at the end of the lecture, receive credit for attendance thereat, if in the opinion of the Lecturer the student was present at a substantial part of the lecture.

Library Facilities.—The College library is open for study purposes during certain hours in the daytime and evening. Students may borrow reference books therefrom on application.

By the consent of the Committee of the Commonwealth National Library, the students of the Canberra University College have been granted the full use of this splendid library. In addition to containing prescribed and recommended books, the Library is particularly rich in works of general literature, history, economics, and law. Students are granted liberal facilities both in regard to reading and reference, and also in regard to borrowing.

In respect to borrowing, students are permitted to take up to three books at a time, provided they are not text-books set for any subject in which lectures are being given at the College. To the lecturers of the University College the Library grants further privileges.

By the generous co-operation of the Public and University Libraries of Sydney and Melbourne, books which are not available in the National Library but which are required by lecturers or students are made available on loan.

Matriculation Facilities.—Students who are required to complete matriculation before proceeding to a Degree Course are informed that evening Matriculation Classes are held at Canberra High School. Full particulars as to subjects, times, fees, etc., may be obtained from the Headmaster, Mr. A. D. Watson, B.Sc.

Students' Association.—Membership of the Canberra University College Students' Association is compulsory for—

(a) all students studying for a degree or diploma; and

(b) all students (other than students studying for a degree or diploma) who are attending lectures in two or more subjects.

Students in respect of whom the above-mentioned requirement applies in any year must (unless specially exempted by the Council) join the Association, and must pay the annual membership fee of the Association (10s.) to the Registrar not later than the date for payment of fees for the second term. Further particulars as to the Association will be found on p.51, infra.

University Association of Canberra.—The University Association of Canberra was established early in 1929.

Its objects are the following:—

(a) To promote the establishment of a University in Canberra.
(b) To provide for persons who do not wish to sit for University Examinations educational facilities by means of—
   (i) Extension Lectures;
   (ii) Tutorial Classes;
   (iii) Study Circles; or
   (iv) Other means;
(c) To encourage research in subjects for which facilities are or may be available in Canberra; and
(d) To take such other steps as appear desirable from time to time to facilitate the University studies of residents of Canberra and their dependants.

Membership of the Association is open to all residents of the Territory, whether graduates or not, who pay the annual subscription of 6s.

The Association conducted negotiations with the Universities of Sydney and Melbourne with a view to the establishment of University lectures in a number of subjects, and has arranged for several series of University Extension Lectures.

The Association placed before the Government the proposal for the passage of an Ordinance providing for the immediate creation of a University College having the following functions:—
   (a) the establishment of courses of lectures;
   (b) the power to affiliate with one or more of the existing Australian Universities;
   (c) the power to administer any funds which may be allotted to the College by the Government for any educational purposes; and
   (d) the function of reporting from time to time on the establishment of a full University.

The Ordinance as made is reprinted, with subsequent amendments in this Calendar.

The Secretary of the Association is Mr. J. Q. Ewens, LL.B., c/o. Attorney General's Department, Canberra.
CANBERRA UNIVERSITY COLLEGE STUDENTS' ASSOCIATION.

The Canberra University College Students' Association was formed in April, 1932, as the organized representative body of the students of the College, and it is recognized as such by the Council.

All students of the College are eligible for membership. Membership is compulsory, unless a special exemption is granted by the Council, in the case of all students who—

(a) are studying for a degree or diploma; or
(b) not being students studying for a degree or diploma, are attending lectures at the College in two or more subjects.

Former students may become associate members. The subscription is 10s. per annum.

The Association is managed by a Students' Representative Council of seven members.

Under the revised Constitution of the Association, which came into force on 7th May, 1938, sporting activities are controlled by a Students' Sports Council.

The Association has done valuable work in conducting negotiations with the Council and organizing the sporting and social activities of students. A students' magazine, Prometheus, is published annually.
