Mr Scribner

Dear Sir

I am just writing to say that I will be unable to carry on my work as I have no way of getting home at night as there is no bus running after 6-30 the only night the bus runs is on the Pictures night & that would not suit me either as it would be after the Pictures come out at eleven and it is a fair way to walk home, and is a lonely road I could get a taxi but that would cost me 2/- every night, for five nights then 11/6 for train fares. I am indeed very sorry I have to give my job up as I am forced to do so under the circumstances; as I was very happy & contented with the company as an employee, and I have to earn money as my husband has been in bad health for years & that is the reason we had to remove for the benefit of his health but unfortunate as regards my employment and I wish to thank you for consideration that has been given me which I appreciated very much.

Thanking you

I remain
yours Respectfully
Minifred Patterson

Would you kindly give me
a reference for I will have
to get other employment.
