Dear Jenny (cc Daniel),

I confirm that we carried out the research leading to the following publication whilst members of staff of the Australian National University: Epistemic Dispositions: Reply to Turri and Bronner.

Best wishes,
Rachael

By the way Jenny I had a couple of other things published in March - I'll send you the details when I get back to Australia later this week.

Best wishes,

Daniel

Hello Daniel or Rachael

As this article didn't state your affiliation to the ANU, can you please verify / reply to this email so I can place this statement in ARIES.

I certify that we carried out the research leading to the following publication whilst members of staff at the department, Australian National University.

Many thanks
Jenny

Subject: another publication for ARIES

Hi Akita,

(Please forward this on if someone else is handling recording publications now.) Rachael Briggs and I published a paper in December that we'd like entered in ARIES. Here's the publication details:

Rachael Briggs and Daniel Nolan, "Epistemic Dispositions. Reply to Turri and Bronner" (with Rachael Briggs). *Logos & Episteme* 3.4: 629-636

And here's the URL for the journal: <http://www.logos-and-episteme.projectsbc.ro/> and for the article www.logos-and-episteme.projectsbc.ro/sites/default/files/EPISTEMIC%20DISPOSITIONS.%20REPLY%20TO%20TURRI%20AND%20BRONNER.pdf

Would you be able to enter the article in ARIES?

Thanks,

Daniel
