22.2.71	Rabaul	Captain(Shipping) M.V. "KUANUA"	29.3.71	
This man although I think a good Sea Captain just could not get on with people and from the day he arrived we had trouble with other crew members of the "Kuanua". He resigned after refusing to re-instate the Chief Officer who was dismissed by him without reference to management. Greggor seems to be a round peg in a square hole.
