Hi Al,

Good to hear from you. We'd love to visit sometime and catch up.

Here are my 2013 publications (a significant amount of the research on these happened at ANU):

1. Schellenberg, Susanna (2013): "Experience and Evidence". *Mind*, 122 (487), pp. 699-747.
2. Schellenberg, Susanna (2013): "Belief and Desire in Imagination and Immersion". *The Journal of Philosophy*, 110 (9), pp. 497-517.
3. Schellenberg, Susanna (2013): "Perceptual Content and Relations". *Philosophical Studies*. With a response by Bill Fish. Selected papers of the Pacific APA 2012, 163 (1), pp. 49-55.
4. Schellenberg, Susanna (2013): "Externalism and the Gappy Content of Hallucination". *Hallucination*, ed. F. E. Macpherson and D. Platchias, Cambridge: MIT Press, pp. 291-311.
5. Schellenberg, Susanna (2013): "A Trilemma about Mental Content". *Mind, Reason, and Being-in-the-World*, ed. J. Schear, London: Routledge, pp. 272-282.

Cheers,

Hi Susanna and Jonathan,

I hope you and Ezra are thriving! Apologies for the rather impersonal nature of this message - it's the boilerplate that I've been sending out to dozens of people.

Come back and visit us! (I don't say THAT to dozens of people.)

All best,

Al

This a (rather urgent!) request for information about any 2013 publications of yours that we can claim for the HERDC (Higher Education Research Data Collection). HERDC points bring us lots of money, and they're a significant indicator of a School's performance, so it's very important that we get a good return.

All 2013 publications for which you carried out some research at the School of Philosophy at the

ANU count: books, book chapters, journal articles, and refereed conference papers.

I thank Gemo Virobo and Carl Brusse for being the collectors of this information, so please send them, Seth Lazar (about to be Acting Head), and me information about any 2013 publications that we can report:

gemo.virobo@anu.edu.au, carl.brusse@anu.edu.au, alan.hajek@anu.edu.au, sethlazar@gmail.com

For books we would like a pdf copy if possible (otherwise we will have to find a hard copy to scan). For journal articles, we need the title of the article, the journal, the volume, issue, and if possible a link. (A pdf would be helpful, but not needed if we can get it online.)

And could I ask you to fill in the template below, please?

Many thanks,

Al (Hájek)

I certify that I carried out some of the research leading to the following publication/s whilst I was a <member of staff/student/visitor> at the School of Philosophy, Australian National University.
