Dear Michelle,

I certify that I carried out part of the research leading to the following publications whilst I was a member of staff and visiting fellow at the Computer Sciences Laboratory, The Australian National University in 2006.

A Formal Measure of Machine Intelligence (Benelearn06)

Asymptotic learnability of reinforcement problems with arbitrary dependence (ALT-06)

General Discounting versus Average Reward (ALT-06)

On the Foundations of Universal Sequence Prediction (LNCS)

Universal learning of repeated matrix games (Benelearn06)

Marcus
