Dear Sherryl

This is unfortunately a mistake - I am not affiliated with the Utrecht University in any way, I was and am solely affiliated with the Australian National University - the mistake is most likely coming from the fact that the third author on this paper, Dr Andreas Fichtner was affiliated with the Utrecht University at the time the paper was published.

Thanks and cheers  
Hrvoje

Hi Hrvoje,  
On the paper below you are credited with being affiliated with Utrecht University.  
I emailed you at the time and you answered back saying it was a mistake on the part of the printer.

Would you be able to email me again stating this but also stating that you were and are affiliated with the Australian National University for this paper please.

I was unable to find your original email.

Thanks Hrvoje.  
Cheers
