The Italian-Australian NanoE3 2008 Conference: Nanotechnology for Electronics, opto-Electronics and Electro-mechanical systems was held in Margaret River, Western Australia from Monday 22nd to Wednesday 24th September 2008. It was a great successful meeting. NanoE3 is a bi-lateral Italian-Australian Conference on Nanotechnology that is focused on Electronics, opto-Electronics and Electro-mechanical systems

The conference was held at the [Margaret River Resort](#), which is about a 7-10 minute walk from the main street of the town of Margaret River.

Margaret River Resort  
40 Wallcliffe Road  
Margaret River, WA, 6285  
Tel: +61 8 9757 0000  
Fax: +61 8 9757 0099  
<http://www.mrresort.com.au>

All went according to plan, there was a bus organised from Perth to Margaret River on Sunday (leaving about 12 noon) and another from Margaret River to Perth on Thursday morning (leaving about 10

Please follow the links below for presentation slides of talk conference.

## Day One
