

Data responsibility on completion of research - text responses (one university only)

One university only

Who will be responsible for looking after the research data after the research project has concluded?

- [-----] not sure
- [-----] as above
- [-----] Physical records will be kept at [this university], electronic copies kept by supervisor.
- [-----] Project manager
- [-----] Nobody
- [-----] didn't think about this yet
- [-----] Me
- [-----] research centre
- [-----] Me
- [-----] me
- [-----] Myself
- [-----] don't know
- [-----] I will pass it all to my supervisor who will deal with it as appropriate.
- [-----] myself
- [-----] Maybe supervisor
- [-----] Me
- [-----] ?
- [-----] Myself
- [-----] Me
- [-----] Not specified by Supervisory Team to me so far - I've been told for IP/Privacy reasons (a similar research project apparently is being undertaken already...)
- [-----] Myself
- [-----] My supervisors
- [-----] Don't know
- [-----] myself
- [-----] Audio files will be destroyed in accordance with confidentiality agreement. Deidentified data will be retained by me.
- [-----] Not sure
- [-----] I don't know
- [-----] myself with a copy to [this university]
- [-----] The data will be archived
- [-----] my company
- [-----] Dont Know
- [-----] me
- [-----] me
- [-----] myself
- [-----] Me, possibly my supervisor ([university] staff)
- [-----] Unsure
- [-----] researchers involved in future projects
- [-----] Noone as yet
- [-----] Me
- [-----] Myself
- [-----] Myself
- [-----] Me
- [-----] Mysrlf
- [-----] Self
- [-----] Not sure
- [-----] me
- [-----] Self, in place of no formal structure
- [-----] Self
- [-----] ongoing
- [-----] Ah, very good question. Succession planning is problematic. Only people with a stake in

Data responsibility on completion of research - text responses (one university only)

the data care about maintaining databases!! Maybe the CRC for [...] Headquarters - but the CRC may terminate soon - so then maybe the Faculty - but I doubt it!!

[-----] Is concluded. Self

[-----] I will be responsible for my personal files

[-----] Principal research supervisor

[-----] ditto

[-----] We don't know. Currently we assume that the lead researcher is responsible for the data at the conclusion of the project.

[-----] me

[-----] I do not know

[-----] Me - project manager

[-----] Myself

[-----] Me, supervisor....

[-----] It will go into the [centre] library and onto the website

[-----] myself or research assistants

[-----] myself

[-----] myself

[-----] self until ethically clear to delete

[-----] Centre staff

[-----] Myself

[-----] Don't know. I think [this university] generally

[-----] The Good Fairies

[-----] Lead researchers

[-----] Me

[-----] Myself

[-----] Laboratory manager

[-----] Unknown

[-----] me

[-----] Myself

[-----] I will be

[-----] Myself

[-----] Me

[-----] Me

[-----] varies

[-----] self

[-----] Self

[-----] Me

[-----] Don't know.

[-----] me

[-----] Probably myself

[-----] Me

[-----] Myself

[-----] Nobody hence me

[-----] myself

[-----] me

[-----] Myself probably

[-----] Myself

[-----] Research Chief Investigator

[-----] Me.

[-----] Me

[-----] Positioning the statistics repository as being infrastructure that outlives individual projects.

[-----] Me for projects that I lead; research students for theirs. Not sure about stuff on Faculty servers (eg archived database driven web sites; av material which is too big for me to store locally etc).

Data responsibility on completion of research - text responses (one university only)

- [-----] Research Centre.
- [-----] Domain leader
- [-----] The next research assistant
- [-----] As above
- [-----] Depends on which research project and corresponding available resources and longevity of the data wrt publication potential and need to have handy
- [-----] At the moment probably the researcher or project manager
- [-----] myself, my immediate supervisor
- [-----] My supervisors
- [-----] Research Group Director
- [-----] Self
- [-----] the researchers themselves
- [-----] me
- [-----] Myself
- [-----] Myself, with archives kept in the laboratory and on an IT server.
