Hi Jenny

As far as we can ascertain, the volume appeared in March 2010 online, while the print version crept out in April 2010. It is difficult to tell because Brill were not very good at telling us what was going on. We generally only knew that the new volume had appeared when we got emails from people that had received their copies or who had seen it online.

Hope that helps,

Iain

Dear Editor, Tony

I am compiling information about scholarly journals for the Australian National University's publication collection to be submitted to the Australian Government Department of Innovation, Industry, Science and Research.

Could you please tell me what year/ month the journal "Journal of Conflict Archaeology" Volume 5, Issue 1 was released?

Are the dates online then in print different?

A response to this correspondence stating these dates is sufficient. Thank you for your assistance.

Sincerely,

**Jenny Taylor**
