Dear Jenny,

My name change was at the end of 2007. Before 2007, all my publications were under the name of Clark. Its not really a big deal so if it is a lot of work to change it we can keep it as is. I thought it would be a simple 'delete'. I don't want to give you any extra unnecessary work so probably best to leave as is for now.

Kind regards,

Juliet

Hi Carrie

I'm guessing not as we need to preserve the historical data.

I can see 20 x publications span from 2007 – 2011, if during this time she published as Juliet Clark we need to somehow capture that in ARIES.

Please let me know when the name change occurred. I can then assess if Notes stating the name change could be added to each 'Clark' record.

This would be a large job and not occur until after HERDC submission.

Cheers  
Jenny

Dear Publications,

Juliet Pietsch is noted as Juliet Pietsch nee Clark in ARIES – Juliet has requested to have the nee Clark be removed, is this possible?

Kind regards
