Year of publication: 2013
Reviews: Simon Bevan, University of Melbourne and Alistair Curran
Publisher: State of Australian Cities Research Network
ISBN: 1 7401 353 1

Editorial Foreword

Ten years since the original State of Australian Cities (SOAC) conference, SOAC 2013 was the largest conference to date, with over 120 papers published as part of these proceedings. All papers presented at the SOAC 2013 and subsequently published as part of the proceedings have been subject to a double-blind refereeing process. All papers have been reviewed at least two referees. In particular, the review process assessed each paper in terms of its policy relevance and the contribution to the conceptual or empirical understanding of Australian cities. The review process ensured the highest academic standards. The Editors wish to thank referees and contributors for their efforts in responding to rigorous publication timelines. The breadth and quality of papers included as part of these proceedings is testament to the strength of Australian urban studies.
