Picturing Pacific Prehistory
The rock-art of Vanuatu in a western Pacific context

Volume II
Figures, Appendices, Plates

Meredith Wilson

A thesis submitted for the degree of Doctor of Philosophy of
The Australian National University

February 2002

List of figures

Chapter 1

Figure 1.1 Phenetic relationships

Chapter 2

Figure 2.1 Oceania, showing the conventional cultural regions of Polynesia, Melanesia, and Micronesia.
Figure 2.2 Pleistocene and Early Holocene sites of the Bismarck Archipelago and northern Solomons

Chapter 3

Figure 3.1 Frequency distribution of rock-art techniques
Figure 3.2 Geological context of painted sites
Figure 3.3 Geological context of engraved sites
Figure 3.4 Number of painted sites on the coast/inland
Figure 3.5 Percentage of painted sites in each topographic context
Figure 3.6 Percentage of painted rock-art sites found in Austronesian and non-Austronesian-speaking areas
Figure 3.7 The locations of rock-art sites in Eastern Indonesia and East Timor
Figure 3.8 The locations of rock-art sites in Papua New Guinea
Figure 3.9 The locations of rock-art sites in the Solomon Islands
Figure 3.10 The locations of rock-art sites in Fiji, Tonga and Samoa
Figure 3.11 Pacific Islands showing the locations of Pohnpei (159) and New Caledonia (160)

Chapter 4

Figure 4.1 Western Pacific rock-art sites included in the statistical analyses
Figure 4.2 Motif categories
Figure 4.3 Structural categories
Figure 4.4 The total number of engraved, painted and engraved/painted sites
Figure 4.5 The total number of rock-art sites in each region
Figure 4.6 The total number of engraved (E) and painted (P) sites in each region
Figure 4.7 The distribution of pigment colours at painted sites
Figure 4.8 The total number of engraved (E) and painted (P) sites in each topographic context
Figure 4.9 The total number of engraved (E) and painted (P) sites in different locational contexts
Figure 4.10 The proximity of engravings (E) and paintings (P) to the current coastline
Figure 4.11 The total number and percentage frequency of engraved (E) and painted (P) sites in Austronesian (AN) and non-Austronesian (NAN) language areas
Figure 4.12 The maximum height of rock-pictures at painted and engraved sites
Figure 4.13 The frequency of red and black painted art by topography
Figure 4.14 The total number of red and black paintings at different height ranges above the ground
Figure 4.15 The 103 sites included in the multivariate analyses
Figure 4.16 Measures of similarity between pairs of sites using the MDS binary measure
Figure 4.17 CA result: 110 circles, 13 regions
Figure 4.18 CA result: 614 motifs, 105 sites
Figure 4.19 PCA result: 614 motifs, 105 sites
Figure 4.20 MDS binary metric result: Groups 1, 2 and 3
Figure 4.21 Sammon binary metric result: Groups 1, 2 and 3
Figure 4.22 Sammon binary metric result (paintings and engravings): Groups 1, 2 and 3
Figure 4.23 Sammon binary metric result: Group 1 (106 non-figurative motif classes, 93 sites)
Figure 4.24 Sammon binary metric result: Group 1 (paintings and engravings)
Figure 4.25 CA result (total counts): 614 motifs, 10 regions
Figure 4.26 CA result (total counts): 614 motifs, 9 regions
Figure 4.27 CA result (presence/absence): 614 motifs, 8 regions
Figure 4.28 An illustration of two ways in which motifs may be classified
Figure 4.29 CA result for structural elements: 25 variables, 72 sites
Figure 4.30 MDS binary metric result: Group 1 (engravings)
Figure 4.31 MDS binary metric result: Group 1 (paintings)
Figure 4.32 Similarities and differences between the rock-art of the western Pacific
Figure 4.33 Results of Analysis 1 showing the division between Near and Remote Oceania
Figure 4.34 A schematic version of the MDS results

Chapter 5

Figure 5.1 Map of Vanuatu
Figure 5.2 The ceramic sequence of Erromango
Figure 5.3 The ceramic sequence of Efate
Figure 5.4 The ceramic sequence of Malakula
Figure 5.5 The ceramic sequences of Vanuatu

Chapter 6

Figure 6.1 The distribution of rock-art sites in Vanuatu
Figure 6.2 The location of rock-art sites on Maewo
Figure 6.3 The location of rock-art sites on Malakula
Figure 6.4 The location of rock-art sites on Lelepa
Figure 6.5 The location of rock-art sites on Erromango
Figure 6.6 The location of rock-art sites on Aneityum
Figure 6.7 A description of rock-art sites in Vanuatu
Figure 6.8 Rock-art sites of Vanuatu: styles, types and locations
Figure 6.9 The total number of engraved (E) and painted (P) sites in each geological context
Figure 6.10 The total number of engraved (E) and painted (P) sites in each topographic context
Figure 6.11 Sites included in the comparative analyses of motifs
Figure 6.12 Total number of rock-pictures used in the analyses
Figure 6.13 Total number of engravings found at each site in Vanuatu
Figure 6.14 Total number of paintings found at each site in Vanuatu
Figure 6.15 Total number of figurative engravings found at each site
Figure 6.16 Total number of figurative paintings found at each site
Figure 6.17 Total number of pictures in each figurative engraving category
Figure 6.18 (a) Total number of pictures in each figurative painting category, and (b) total number of pictures in each figurative painting category excluding 'hand/foot'
Figure 6.19 Total number of non-figurative engravings (including duplicates)
Figure 6.20 Total number of non-figurative paintings (including duplicates)
Figure 6.21 Total number of pictures in each non-figurative engraving category (including duplicates)
Figure 6.22 Total number of pictures in each non-figurative painting category (including duplicates)
Figure 6.23 Total number of non-figurative engravings (excluding duplicates)
Figure 6.24 Total number of non-figurative paintings (excluding duplicates)
Figure 6.25 Total numbers of engraved and painted figurative and non-figurative pictures (including duplicates)
Figure 6.26 Total numbers of engraved and painted figurative and non-figurative pictures (excluding duplicates)
Figure 6.27 Vanuatu-wide motifs: figurative engravings
Figure 6.28 Vanuatu-wide motifs: non-figurative engravings
Figure 6.29 Vanuatu-wide motifs: figurative paintings
Figure 6.30 Vanuatu-wide motifs: non-figurative paintings
Figure 6.31 Vanuatu-wide motifs: figurative engravings and paintings
Figure 6.32 Vanuatu-wide motifs: non-figurative engravings and paintings
Figure 6.33 Regional motifs: figurative engravings
Figure 6.34 Regional motifs: non-figurative engravings
Figure 6.35 Regional motifs: figurative paintings
Figure 6.36 Regional motifs: non-figurative paintings
Figure 6.37 Regional motifs: figurative engravings and paintings
Figure 6.38 Regional motifs: non-figurative engravings and paintings
Figure 6.39 Island-specific motifs: figurative engravings
Figure 6.40 Island-specific motifs: non-figurative engravings
Figure 6.41 Island-specific motifs: figurative paintings
Figure 6.42 Island-specific motifs: non-figurative paintings
Figure 6.43 Island-specific motifs: figurative engravings and paintings
Figure 6.44 Island-specific motifs: non-figurative engravings and paintings
Figure 6.45 MDS binary metric result: 431 motifs, 51 sites
Figure 6.46 MDS binary metric result showing the relationship between sites containing paintings, engravings, and paintings/engravings

Chapter 7

Figure 7.1 List of samples from Hopnarop submitted for dating
Figure 7.2 AMS results
Figure 7.3 AMS radiocarbon dates on Vanuatu rock-art
Figure 7.4 Total number of cases of superimposition for each island
Figure 7.5 ‘Technical classes’ for paintings
Figure 7.6 Cases of superimposition on Maewo
Figure 7.7 Flow diagram showing the relative chronological relationship between technical classes in the rock-art of Maewo
Figure 7.8 Cases of motif superimposition on Malakula
Figure 7.9 Flow diagram showing the relative chronological relationship between technical classes in the rock-art of Malakula
Figure 7.10 Cases of motif superimposition on Lelepa
Figure 7.11 Flow diagram showing the relative chronological relationship between technical classes in the rock-art of Lelepa
Figure 7.12 Cases of superimposition on Erromango
Figure 7.13 Flow diagram showing the relative chronological relationship between technical classes in the rock-art of Erromango
Figure 7.14 Composite picture of superimposition in Vanuatu
Chapter 8

Figure 8.1 The distribution of red painted rock-art motifs in Vanuatu
Figure 8.2 MDS binary metric result (Group1): 834 motifs, 16 regions
Figure 8.3 MDS binary metric result (Group 1): separating Vanuatu sites into 5 regions (MW, MK, LP, ER, AN)
Figure 8.4 MDS binary metric result (Group1): 834 motifs, 156 sites

Chapter 9

Figure 9.1 Subsets of the AES
Figure 9.2 The distribution of Austronesian and non-Austronesian languages in Oceania
Figure 9.3 Subsets of the APT
Figure 9.4 A summary of the model of rock-art transformation for the western Pacific
List of appendices

Appendix 4.1 A description of the multivariate procedures used in the statistical software package 'S-Plus'
Appendix 4.2 Motif categories and motif types used in the multivariate analysis in Chapter 4
Appendix 4.3 Table showing the distribution of 'outlier' motifs generated by the CA algorithm used in Analysis 1 (Chapter 4)
Appendix 6.1 A description of the rock-art sites of Vanuatu
Appendix 6.2 Bringing the art inside: a preliminary analysis of black linear rock-art from limestone caves in Erromango, Vanuatu (Wilson 1999)
Appendix 6.3 Potnarvin data
Appendix 6.4 Motif categories and motif types found in Vanuatu
Appendix 6.5 Frequency results
Appendix 7.1 Dating the rock-art of Vanuatu: AMS radiocarbon determinations from abandoned mud-wasp nests and charcoal pigment found in superimposition (Wilson et al. 2001)
List of plates

Plate 1  An example of Tabulinetin style rock-art from the MacCluer Gulf
Plate 2  Yagondo figures, Simbu Province, PNG
Plate 3  Examples of scroll-like motifs
Plate 4  Collection of motifs (red) from Berbere, Lake Kutubu, Southern Highlands Province
Plate 5  Buang Valley rock-paintings, Morobe Province, PNG
Plate 6  An engraved stone from Goodenough Bay, Milne Bay Province
Plate 7  Engravings from FAAS, Garua Island, West New Britain
Plate 8  Inaccessible paintings. Small Sivisa, Fedarb Group, Manus Province
Plate 9  Inaccessible paintings. Malapin Island, Fedarb Group, Manus Province
Plate 10 Rock-engravings from Vatumare, Hoilava, Northwest Guadalcanal
Plate 11 Cupule-based rock-art, Yalo cave (MK3), Northwest Malakula
Plate 12 Examples of engraved 'eye-nose' faces, Apialo (MK15), Northwest Malakula
Plate 13 Examples of inaccessible Red1/Red2 rock-art, Raoviu cave (ER18), Erromango
Plate 14 Inaccessible Black1 rock-art, Velemendi (ER2), Erromongo
Plate 15 Black4 rock-art, Navapule A2, Northwest Malakula
Plate 16 Early Erueti-style pottery from Arapus
Plate 17 Similar motifs: A. Naamboi pottery, B. rock-art
Plate 18 Similar motifs: A. Oundjo pottery, B. rock-art
Plate 19 Similar motifs, different media
