

AIDS on this campus is now a reality

Think for a minute about how easy it is for the AIDS virus to spread from just two people
Think for a minute about the last two people you had sexual contact with.
Are you sure they didn't carry the AIDS virus?

AIDS is here and now
AIDS is not just a homosexual disease
AIDS hits sexually active people
DOES THIS MEAN YOU????

**PROTECT YOURSELF AND YOUR PARTNER - USE CONDOMS, OR INSIST
YOUR PARTNER DOES, CORRECTLY.**
