MINIMUM RATES OF WAGE AND PRESCRIBED HOURS OF WORK

ADULT MALES AND ADULT FEMALES - STATE CAPITAL CITIES - 30 JUNE 1969

The wage rates and hours of work in the tables below have been taken from awards, determinations and agreements of industrial tribunals and from unregistered agreements operative at 30 June 1969. The occupations listed are selected from those appearing in the Appendix of the annual Labour Report (see Labour Report No. 52, 1965 and 1966, pages 310 to 337). The wage rates and hours are generally those applicable to the capital cities, but where this is not so, the area of the State to which they are applicable is indicated in a footnote.

Where two or more rates are quoted in an award, determination or agreement for a particular occupation, these rates are shown in the tables in the Appendix of the Labour Report. However, in this publication, owing to limitations of space, only the lower (or lowest) rate for each occupation has been quoted.

In the majority of cases, the rates quoted are those payable for a full week's work (excluding overtime). Where it is not possible to quote such rates, hourly rates have been shown. For most occupations the hours constituting a full week's work (excluding overtime) are 40; where the hours prescribed differ from 40 they are shown in the footnotes to the tables.

The wage rates and hours of work shown in the tables below have been compiled for statistical purposes only, and any inquiries regarding actual rates payable for particular occupations should be addressed to the appropriate industrial tribunal.
