

PRODUCTION SUMMARY NO. 28 : FOOTWEAR  
 AUSTRALIA : SEPTEMBER 1975

All annual figures are derived from the recorded monthly production and are subject to revision. From July 1973, the basis of collection of footwear statistics was changed from type of construction to type of material used in the uppers, and the statistics below are presented on this basis.

('000 pairs)

| Footwear with outer soles of rubber or synthetic material (other than composition leather or textile) |                                            |             |                             |                               |                                  |                                             |                               |                                                            |                               |                                        |
