	<u>APPENDIX - DIRECT TRANSIT PASSENGERS (AIR AND SEA) AND PLEASURE SEA CRUISES</u>	22

EXPLANATORY NOTES

This publication provides statistics of overseas arrivals and departures during the March quarter 1971. June and December issues also contain a section showing the following demographic characteristics: country of birth, age and marital status.

2. Statistics of overseas movement are also published monthly, in less detail, in "Overseas Arrivals and Departures" (Reference No. 4.3).
3. The statistics of overseas arrivals and departures exclude passengers passing through Australia on board the same ship or on the same flight (variously called direct transit passengers or "through" passengers), passengers on short pleasure sea cruises in the south-west Pacific commencing and finishing in Australia on ships not then engaged in regular voyages, and all air crew and ships' crew. A summary table of direct transit sea and air passengers and pleasure cruise sea passengers is shown in the Appendix.
4. The classification into permanent, long-term and short-term is based on information provided by the travellers on arrival in or departure from Australia. THESE STATEMENTS REPRESENT THE TRAVELLERS' INTENTION AT THE TIME. MANY TRAVELLERS SUBSEQUENTLY CHANGE THEIR INTENTIONS AND THIS MUST BE BORNE IN MIND IN INTERPRETING THE STATISTICS.
5. Permanent movement consists of persons arriving with the stated intention of settling permanently in Australia, and Australian residents departing with the stated intention of residing permanently abroad. Settlers are persons who, on arrival in Australia, indicated that they came intending to settle. Former settlers are persons who, on departure from Australia, stated that they had come to Australia intending to settle, had stayed for a period of twelve months or more, and were now departing permanently.
6. Long-term movement consists of the arrival of visitors and the departure of residents with the stated intention of staying (in Australia or in a country abroad, respectively) for twelve months or more, and the departure of visitors and the return of Australian residents who have stayed (in Australia or in a country abroad, respectively) for twelve months or more.
7. Short-term movement consists of all other arrivals and departures, including those of Australian troops irrespective of period of stay, and U.S. troops visiting Australia on rest and recreation leave. U.S. troops on rest and recreation leave have been classified for statistical purposes, as short-term visitors travelling to and from Australia by air for holiday purposes, and staying in Australia less than one week and whose country of residence and of embarkation/disembarkation is "Asia-other".
8. Visitors arriving and residents departing whether classified as long-term or short-term are further classified according to their stated purpose of journey, the categories being : for visitors, "in transit", "business", "holiday", "education" and "other purposes"; and for residents, "business", "holiday", "education" and "other purposes". "In transit" visitors include those who show "in transit" as their stated purpose of journey to Australia provided that their intended length of stay in Australia does not exceed one month.
9. Seasonally adjusted figures are shown, for the first time in this bulletin, for total arrivals and departures (Table 2) and for short-term residents departing (Table 12). Seasonally adjusted figures for short-term visitors arriving (Table 12) shown in earlier issues are revised following the annual re-analysis of the series. In the adjustments, account is taken of "trading day" effects as well as normal seasonal factors. The influence of Easter, which may affect different months from year to year, is taken into account only in adjusting total arrivals. Details of the methods used and selected measures of variability are available on request and will be published in "Seasonally Adjusted Indicators, 1971" (Reference No. 1.10), to be issued shortly.

NOTE. This table indicates the State or Territory where passengers disembarked from or embarked on the ship or aircraft. This is not necessarily the State of destination (of arrivals) or the State of origin (of departures), as many overseas passengers travel interstate before embarking on, or after disembarking from the overseas vessel or aircraft.

TABLE 10. - OVERSEAS ARRIVALS AND DEPARTURES : PERMANENT MOVEMENT
(i) Settlers arriving by State or Territory of intended residence

Settlers are asked, on or before arrival, the State or Territory of Australia in which they next intend to stay for twelve months or more. THE STATEMENTS REPRESENT THE SETTLERS' INTENTIONS AT THE TIME. MANY TRAVELLERS SUBSEQUENTLY CHANGE THEIR INTENTIONS AND THIS MUST BE BORNE IN MIND IN INTERPRETING THE STATISTICS. The allocation to States and Territories in the table is based on these statements, except that settlers proceeding to the migrant reception centre, Bonegilla, Victoria, are allocated, as far as is practicable, to the State or Territory of their placement from the centre.
