MAIN FEATURES

Authorised money market dealers

Borrowings from residents (excluding related corporations) decreased by \$361.4 million in November 1988 to \$3,202.5 million. Borrowings from banks decreased by \$801.9 million, but this decrease was partly offset by an increase in borrowings from other sources of \$440.4 million.

Money market corporations

Borrowings from residents (excluding related corporations) totalled \$29,525.6 million at the end of November 1988, marginally up on the October 1988 figure of \$29,354.5 million. This increase was offset by a decrease in borrowings from non-residents which stood at \$13,691.9 million at the end of November 1988.

Total assets at the end of November 1988 were \$51,464.3 million, slightly up on October 1988 and up \$7,929.2 million (18.2%) on November 1987.

EXPLANATORY NOTES

Introduction

2. This publication has been compiled from summary data provided by the Reserve Bank of Australia. The summary data are derived from statements furnished to the Reserve Bank by corporations registered under the *Financial Corporations Act 1974*. For corporations registered under the Act and categorised as authorised money market dealers the publication presents statistics on assets and selected liabilities. For corporations registered under the Act and categorised as money market corporations it presents statistics on financial operations, assets, selected liabilities and interest rates.

3. Details of the scope and coverage of these statistics are provided in the July 1988 issue of this publication.

4. The populations for authorised dealers and money market corporations may vary from month to month due to:

- (a) registration of new corporations;
- (b) change in category; and
- (c) deletion of corporations no longer registrable.

Particular care should therefore be taken in interpreting individual month-to-month movements.

Data items

5. Data items are reported in accordance with the directions contained in the Schedule to the Financial Corporations (Statistics) Regulations. Unless otherwise specified in the directions, authorised money market dealers and money market corporations have been requested to value their assets and liabilities on the basis used in their latest audited accounts.

Statistical period

6. While the statistics are described as being for a statistical period (month/quarter) some corporations have accounting periods which do not correspond exactly to the statistical period and their figures are used without adjustment.

Revisions

7. Revisions to previously published statistics are included in issues of this publication as they occur.
