Production Summary No. 24.

MEN'S AND BOYS' CLOTHING

(Civilian Day Wear)

December, 1952.

The information set out below has been compiled from returns received from factories whose annual returns for 1948-49 were classified as "Tailoring or Ready Made Clothing Establishments" and which had average employment of over 20 hands in that year. For this reason, the figures shown do not represent total production of these garments.

Defence Service and Trade Uniforms, Coats, etc. are excluded.

These figures are subject to revision.
