PREFACE

This Bulletin contains an analysis of registrations of new motor vehicles (including Commonwealth-owned vehicles) for the month of April, 1953. Except for motor cycles, the analysis relates to make, horse-power and type of new motor vehicles registered in each State, the Australian Capital Territory and Australia including Northern Territory. Motor cycles are shown according to make of vehicle in each State, the Australian Capital Territory, and Australia including Northern Territory.

Separate particulars are shown for (a) Cars, (b) Motor Cycles and (c) Other Motor Vehicles. Cars are dissected into (i) Metropolitan Registrations and (ii) Total Registrations, whilst "Other Motor Vehicles" are dissected into (i) Utilities, (ii) Panel Vans, (iii) Lorries, (iv) Omnibuses, (v) Station Wagons and (vi) Other Types.

Supplementary tables show comparative figures for the last sixteen months, the country of origin of all new motor vehicles (except motor cycles) registered during the current month, and a dissection of lorries and omnibuses according to type of fuel used.

Monthly statistics are available as from July, 1951 and have been compiled in collaboration with Government Statisticians from data made available by the Road Transport Authorities in each State. Particulars for motor cycles are not available prior to January, 1953.

MOTOR CYCLES - Included under this heading are:- (a) Motor Cycles (b) Motor Scooters and (c) Pedal Cycles with motors attached.

Vehicles such as the Land Rover and Willys Jeep are included under the heading of the body type constructed on the chassis but in general these vehicles are classified as "utility".

Vehicles which have been excluded from tabulations are as follows:-

Air Compressor	Grader
Bull-Dozer	Industrial Barrow
Concrete Mixer	Mobile Crane
Crawler Tractor	Potary Hoe
Electric Welding Plant	Street Sweeper
Fork or Air Lift	Tractor
Front End Loader	

Separate registrations of trailers or any other vehicle without an engine are also excluded.

For various reasons the total number of new vehicles shown herein may not agree in all cases with figures compiled by the registration authorities in each State but the difference will be small and of no significance. For all States the tabulations include all registrations of new vehicles which passed through the Central Registration Authority up to and including the last day of the month. In regard to Western Australia all metropolitan (Perth) registrations of new vehicles during the month are included, but the majority of country registrations arrive at the central office too late for inclusion in the tabulations for the month to which they refer and are incorporated in the tabulations for the month following.
