

PRODUCTION SUMMARY NO. 10
MOTOR BODIES, TRAILED VEHICLES, LIFT-ON FREIGHT CONTAINERS, ETC.
AUSTRALIA : JANUARY 1975

Statistics of motor bodies are compiled from returns collected from specialist body building establishments and represent production of bodies for partly finished motor vehicles reported by motor vehicle manufacturers. Bodies produced by motor vehicle manufacturers for use in their own plants are excluded. Bodies intended for export or sold for repair work, and conversions (or any work done on old vehicles) are also excluded.

The figures for 1971-72 are derived from the Annual Factory Census. All other annual figures are derived from the recorded monthly production and are subject to revision.
