Air Compressor	Grader
Bull-dozer	Industrial Barrow
Concrete Mixer	Mobile Crane
Crawler Tractor	Rotary Hoe
Electric Welding Plant	Street Sweeper
Fork or Air Lift	Tractor
Front End Loader	

Separate registrations of trailers or any other vehicle without an engine are also excluded.

For various reasons the totals may not agree in all cases with those compiled by the registration authorities in each State but the differences will be small and of no significance. For all States the tabulations include all registrations of new vehicles which passed through the Central Registration Authority up to and including the last day of the month. In regard to Western Australia all metropolitan (Perth) registrations of new vehicles during the month are included, but the majority of country registrations arrive at the central office too late for inclusion in the tabulations for the month to which they refer and are incorporated in the tabulations for the month following.
