16 SEP 1968

This summary contains final figures for 1967-68 derived from both the Monthly Production and the Annual Factory Census returns.

Where necessary, an adjustment has been shown to bring the 12-monthly total into exact agreement with the corresponding Annual Factory Census figure. In many cases the difference in the figures is due to the acceptance of Annual Factory returns for a year other than the normal financial year ending on 30 June.
