Thank you for submitting your abstract/paper for the 2012 Australian Political Studies Association Conference in Hobart in September. I can confirm that your abstract has been accepted and that you will be able to present the associated paper at APSA 2012.

If you would like to submit your paper for full peer review it will need to be uploaded to the conference web site by August 10, 2012. You will be notified as to whether it has been accepted as part of the Conference refereed proceedings in mid-September.

Again, we would really appreciate that if you have not yet registered for the conference, that you do so immediately so that you can take advantage of the early bird rate, which finishes on Friday 25th May ie this Friday.

Registration is essential for us to confirm your presentation. If you have already registered you would have received, at that time, an email from us confirming your details. In this case you do not have to do anything further at this stage.

If you now need to register, please go to this link and click on **"Register"**. Cut and paste the **"Speaker Access Key"** from above into the **"1. I am a speaker"** box. This way you will not have to duplicate all your details and your paper will be linked to your registration details in our data base.

You are also able to upload your final paper for refeering, if you so choose, at this site - use your same access key.

Please don't hesitate to contact Joanne or myself at MCI Australia (Hobart office) if you have any queries about this process.
