WORKLOAD

<u>Department</u>	<u>Number of requisitions</u>
Experimental Pathology	243
Biochemistry	196
Human Genetics	160
Physiology	162
Microbiology	225
E.N.U.	113
Pharmacology	202
Medicine & Clinical Science	146
Protein Chemistry	116
Immunology	109
I.V.I.L.	53
M.M.B.U.	27
C.P.M.U.	17
V.N.U.	27
School Service	66
	1862

Total number of jobs over past five years

<u>1982/83</u>	<u>1983/84</u>	<u>1984/85</u>	<u>1985/86</u>	<u>1986/87</u>
2082	1847	2053	2027	1862

The number of requisitions processed per year has remained remarkably constant since 1982. It should be noted that the above figures refer to requisitions and do not accurately reflect the costs for each department.

SERVICES

The services provided by the section remain unaltered. For practical and economic reasons we continue to use commercial processing of colour materials.

MINOR WORKS

No minor works were requested during the year.

EQUIPMENT

Equipment purchased 1986/87

- (a) Macroscope - Wild/Leitz M400
- (b) Paper processor - Kodak
- (c) Electronic flash system for copy camera
- (d) Carousel projector (35mm) for Florey Theatre
- (e) Second Kroy lettering machine.

ACHIEVEMENTS

Mr Butterworth was awarded the First Prize in the Senior Section of the scientific photography competition of the Royal Australian Chemical Institute and Ms Macklin gained First Prize in the Polaroid International photomicrography competition.

Photographs taken by the section have been used on front covers of scientific journals on a number of occasions during the year.
