

[YEAR] 1999 [PHOTOGRAPHER] VINCENT RAILTON [CONCEPT DESIGN] R. TIBITZ

if you don't know his name, why would you know his HIV status?

You can't guess someone's HIV status by the way he looks and we can't assume a sex partner has the same HIV status as us. Whether you're into sex at beats, venues or in the bedroom, use a condom every time. It's still the safest way to have anal sex.
