AUSTRALIAN LIFE INSURANCE STATISTICS

MONTHLY BULLETIN NO. 192 : JANUARY, 1963

General.

The information presented herein has been compiled from returns furnished by the companies registered under the Life Insurance Act 1945-61 and made available by the Commonwealth Insurance Commissioner. The business of the Government Insurance Office of New South Wales and the Queensland State Government Insurance Office is not included; these offices operate only in New South Wales and Queensland respectively.

2. Details of new policies issued and policies discontinued or reduced are shown in the periods during which they were recorded in the life insurance companies' registers. For monthly statistics, in particular, such periods may be subsequent to those during which the policies were actually written or matured, surrendered, etc.

3. The factor described in paragraph 2 is less important for annual statistics, since companies endeavour to record, during each financial year, all risks assumed or discontinued during that financial year. However, this practice has a further effect on monthly statistics, since it involves a tendency for recording to be more concentrated in the last month of a company's financial year than in other periods. Where this concentration relates to "blanket" policies (i.e. policies insuring more than one life) the effect will be more pronounced in statistics relating to "Sum Insured" and "Annual Premiums" than in those relating to "Number of Policies". There may also be a tendency associated with arrangements regarding commission and bonus incentives for some concentration of actual new business written to occur in the concluding months of companies' financial years. The particular months for which statistical totals are affected by these practices depend, of course, on the closing dates of the financial years of the various companies. The months principally affected are September and December, with less important effects in March, June and August.

4. Particulars of selected assets and liabilities held in Australia by Life Insurance Companies are compiled each quarter. Details for each of the quarters June, 1961 to December, 1962 may be found in Bulletin No. 191, Table 18.

5. Summary for the month of January, 1963.

(a) New Policies Issued: During the month 25,440 new policies insuring £41.9 million were issued. These comprised 16,509 Ordinary business policies insuring £33.2 million, 4,241 Industrial business policies insuring £1.5 million and 4,690 Superannuation business policies insuring £7.2 million.

(b) Policies Discontinued or Reduced (incl. matured, surrendered, forfeited, etc.): Policies discontinued or reduced during the month numbered 39,054 insuring £25.1 million. These comprised 15,869 Ordinary business policies insuring £16.8 million, 18,132 Industrial business policies insuring £2.5 million and 5,053 Superannuation business policies insuring £5.8 million.

(c) Change in Business in Existence: During the month there was a net increase in Ordinary business of 640 policies and £16.4 million in the sum insured. Industrial business decreased by 13,891 policies and £1.0 million in the sum insured. In Superannuation business the number of policies decreased by 363 but the sum insured increased by £1.4 million.

(d) New Loans Paid Over: During the month, new loans paid over amounted to £3.5 million. Of this amount £2.6 million (73 per cent.) was loaned on mortgage of real estate (rural £0.3 million, housing £1.3 million and other £1.0 million) and £0.7 million (21 per cent.) on security of companies' policies.

(e) Receipts and Payments: During the month, premiums received from policy holders amounted to £11.2 million. Payments on policies totalled £4.9 million including claims and annuities paid amounting to £3.6 million.

(f) Interest Rates: At the end of January, 1963, the interest rate predominantly charged by companies on new loans secured on the companies' own policies ranged from 6.0 to 7.0 per cent. per annum. On first mortgage of real estate, the interest rate was from 6.5 to 8.0 per cent. per annum (rural 7.0 to 7.5; housing 6.5 to 7.5 and commercial 7.5 to 8.0).

LIFE INSURANCE BUSINESS WITHIN AUSTRALIA (a), JANUARY, 1963

(Excludes business of the Government Insurance Office of New South Wales and the Queensland State Government Insurance Office)
