PRODUCTION SUMMARY NO. 10 : MOTOR BODIES, TRAILED VEHICLES, LIFT-ON FREIGHT CONTAINERS, ETC.

AUGUST, 1966

This Production Summary contains statistics of Motor Bodies, Trailed Vehicles, Lift on Freight Containers etc. The Statistics of Motor Bodies have been compiled from returns collected from specialist body building works and represent the production of bodies for the partly finished motor vehicles reported by the motor vehicle manufacturers' organisation. Bodies intended for export, sold for repair work and conversions (or work done) on old vehicles are excluded from the figures.

The figures for 1963-64 and 1964-65 are those recorded in the Annual Factory Census. All subsequent figures are derived from the recorded monthly production and are subject to revision.
