

COMMONWEALTH BUREAU OF CENSUS AND STATISTICS, CANBERRA, AUSTRALIA
 PRODUCTION SUMMARY NO. 10 : MOTOR BODIES, TRAILED VEHICLES, LIFT-ON FREIGHT CONTAINERS, ETC.

SUPPLEMENT
 YEAR 1967-68

Statistics of Motor Bodies are compiled from returns collected from specialist body building works and represent production of bodies for partly finished motor vehicles reported by motor vehicle manufacturers. Bodies produced by motor vehicle manufacturers for use in their own plants are excluded. Bodies intended for export, sold for repair work and conversions or any work done on old vehicles are also excluded.

This summary contains final figures for 1967-68 derived from both the Monthly Production and the Annual Factory Census returns.

Where necessary, an adjustment has been shown to bring the 12-monthly total into exact agreement with the corresponding Annual Factory Census figure. In many cases the difference in the figures is due to the acceptance of Annual Factory returns for a year other than the normal financial year ending on 30 June.
