AUSTRALIAN LIFE INSURANCE STATISTICS
MONTHLY BULLETIN NO. 24C : JANUARY 1967

The information presented herein has been compiled from returns furnished by the companies registered under the Life Insurance Act 1945-1966 and made available by the Commonwealth Insurance Commissioner. The business of the Government Insurance Office of New South Wales and the Queensland State Government Insurance Office is not included; these offices operate only in New South Wales and Queensland respectively.

2. Details of new policies issued and policies discontinued or reduced are shown in the period during which they were recorded in the life insurance companies' registers. For monthly statistics, in particular such periods may be subsequent to those during which the policies were actually written or matured, surrendered, etc.
3. The factor described in paragraph 2 is less important for annual statistics, since companies endeavour to record, during each financial year, all risks assumed or discontinued during that financial year. However, this practice has a further effect on monthly statistics, since it involves a tendency for recording to be more concentrated in the last month of a company's financial year than in other periods. Where this concentration relates to "blanket" policies (i.e. policies insuring more than one life) the effect will be more pronounced in statistics relating to "Sum Insured" and "Annual Premiums" than those relating to "Number of Policies". There may also be a tendency associated with arrangements regarding commission and bonus incentives for some concentration of actual new business written to occur in the concluding months of companies' financial years. The particular months for which statistical totals are affected by these practices depend on the closing date of the financial years of the various companies. The months principally affected are September and December, with less important effects in March, June and August.
4. Particulars of selected assets and liabilities held in Australia by Life Insurance Companies at the end of each quarter from June 1965 to December 1966 are included in the supplement to bulletin No. 239, December 1966.
5. Any discrepancies between totals and sums of components in tables are due to rounding.
