

Great Sex!

Don't let AIDS stop it

Don't come inside his arse.

Avoid the exchange of semen.
Use a condom when fucking.
Insist your partner does the same.

Masturbation is hot and safe.

Don't come in his mouth.

Staying healthy is important.

Learn about nutrition, proper sleep,
how to handle stress, get plenty of exercise,
avoid drugs, cut down alcohol consumption,
and get regular check-ups.

Don't rim.

Affection is our best protection.

**Don't fist, if you
intend to fuck
afterwards.**

Don't donate blood.

**Don't share
sex toys.**

These guidelines will not necessarily protect you
from sexually transmitted diseases.

Remember...

Safe sex is Great sex
