EXPLANATORY NOTES

Scope of publication

This publication contains average prices for selected items which are included in the Consumer Price Index for the six State capital cities and Canberra. Average prices for some selected food items for Darwin are published in the *Consumer Price Index, Monthly Food Group Index, Darwin* (6413.0). The CPI covers a wide range of goods and services arranged in eight groups, which are in turn divided into subgroups. The selected items for which average prices are shown in this publication fall within the Food Group and the following subgroups: Household supplies and services; Motor vehicle operation; Alcoholic beverages; and Personal care products.

2. The items and varieties shown in this publication do not comprise *all* of the items and varieties which are incorporated in the Food Group or the specified sub-groups.

Average prices

3. Prices shown are the averages of prices for specified grades, qualities, brands, etc. charged by a number of selected retailers in each city. The specified grades, etc. and the retailers have been selected as representative to measure price change over time. Thus the prices do not purport to be the actual averages of all retail sales of these items. They should be regarded as no more than approximate indicators of price levels and price changes for the items concerned. Furthermore, the selected grades, brands, etc. for some items differ between cities and thus the average prices for some items may not be completely comparable from city to city.

4. Prices for food items are collected as at the middle of each month except in the case of some fresh items (fruit, vegetables and fish) where prices are collected more frequently and averaged to obtain monthly prices. The average prices shown in this publication for food items are quarterly averages of the monthly average prices. Prices for petrol are collected as at the middle of the first month of each quarter. Prices for all other non-food items listed in this publication are collected as at the middle of the mid-month of each quarter.
